is so because when VRML was originally introduced it was touted as a tool for putting the shopping malls of the world online
at once prosaic and horrifyingly mundane to those of us who were developing it Perhaps those rst two initials VR created
expectations of sprawling photorealistic f tasy landscapes for exploration and play across the Web Or perhaps the magnitude
of the invention was simply too great to be understood at the time by the many ironically even by those spending the money
to underwrite its development Regardless of the reasons VRML suffered in the mainstream as it was twisted to meet
