1. Student Learning Goal: a statement of intended learning that describes what students will know, understand or be able to do (inclusive of Standards & Curriculum) by the end of the instructional interval;

ESTABLISHING A MEASURABLE LEARNING GOAL:

Student Population:	Total Number of Students: 28 Program Participation IEP: 4 ELL: 14 GT: 1 Other: N/A Additional Information:
Learning Goal:	<u>Student Learning Goal (Write out goal here.)</u> Students will write informative/explanatory paragraphs that introduce a topic, group related information, and develop and conclude their topic.
	<u>Why is this goal important for students to know and be able to do?</u> This is an important goal for students in 3rd grade because it is expected that at the 4th grade level students will have these skills so that they can work on the next learning progressions for writing. Students without these foundational skills in 4th grade will be behind and will continue to struggle. This goal is set based on the expected Common Core Standards for 3rd grade Writing as well as some Literacy and Language standards.
	<u>Does the Learning Goal demonstrate: ☒ Endurance? ☒ Leverage? ☒ Readiness?² How?</u> This SLO goal demonstrates a DOK level 3 for students in 3rd grade. This is rigorous and creates a foundation for writing development in subsequent grade levels. Success in this SLO means students are ready for 4th grade and can build on the skills learned.
