Slowspoke Mark Schimmoeller, 2014-07-30 Why a unicycle Why a cross country trip Why leave a prominent New York magazine and return to the simple life in Kentucky Reminiscent of classic literary travelogues Mark Schimmoeller's *Slowspoke A Unicyclist's Guide to America* takes readers on an inward emotional journey as he inches across landscapes and communities from North Carolina to Arizona Schimmoeller became inspired by his unicycle as an adolescent It taught him that rushing whether down the driveway or toward adulthood would cause a fall and so instead of accepting the speeding straight line that defines modern American life he adopted his single wheel's wayward rhythms Written with poise and humor *Slowspoke* is more than a cross country trip on a unicycle it's a meditation on a playful recalcitrant slowness that is increasingly rare in a culture obsessed with acceleration At times achingly and other times joyful Schimmoeller intersperses recollections of his journey with vignettes of his present day off the grid homesteading with his wife in Kentucky and their efforts to save an old growth forest Schimmoeller's personal journey will resonate with anyone who has slowed down to experience life at a unicycle's speed or who longs to do so who has fallen in love or searched for it or who has treasured tall trees or mourned their loss

The Chelsea Green Reader Benjamin Watson, 2014 Chelsea Green the Vermont based independent publisher has always had a nose for authors and subjects that are way ahead of the cultural curve as is evident in this new anthology celebrating the company's first thirty years in publishing The more than one hundred books represented in this collection reflect the many distinct areas in which we have published from literature and memoirs to progressive politics to highly practical books on green building organic gardening and farming food and health and related subjects all of which reflect our underlying philosophy The politics and practice of sustainable living The Chelsea Green Reader offers a glimpse into our wide ranging list of books and authors and to the important ideas that they express

Interesting and worth reading in their own right the individual passages when taken as a whole trace the evolution of a highly successful small publisher something that is almost an oxymoron in these days of corporate buyouts and multinational book groups From the beginning Chelsea Green's books were nationally recognized garnering positive reviews accolades and awards We've published four New York Times bestsellers and our books have set the standard for in depth how to books that remain relevant years often decades beyond their original publication date Chelsea Green was born from a single seed the beauty of craft Craft in writing and editing in a story well told or a thesis superbly expressed writes cofounder and publisher emeritus Ian Baldwin in the book's foreword Today craft continues to inform all aspects of our work design illustration production sales promotion and beyond It has even informed our business model In 2012 Chelsea Green became an employee owned company With the rise of the Internet new media platforms and a constantly shifting bookselling landscape the future of publishing is anything but predictable But if Chelsea Green's books prove anything it is that despite these challenges there remains a hunger for new and important ideas and authors and for the permanence and craftsmanship of the printed word Today our ongoing mission is stronger than ever as we launch into our next thirty years of publishing excellence
