and strategies they need to build positive relationships with teachers and connect to their children's learning in productive ways. Involved Parents Better Students: How do you ensure your child gets the best education possible when U.S. schools have become overburdened, test-driven institutions that rank only average worldwide? Decades of research confirm that when parents engage with their children's learning, kids do better in school and life. This straight talking guide helps you understand the critical role you play in your child's education, connect with educators in respectful ways, encourage a love of reading in your kids, minimize homework meltdowns and disorganization, support students who struggle academically, help children navigate social situations and bullying, and fuel your child's mind and body for learning. Parent involvement looks different for every family and every child. Packed with real stories and tested strategies, **The Parent Backpack** demystifies our complex education system and gives you the insights you need to help your kids thrive.

Teaching Young Children Mathematics Janice Minetola, Robert Ziegenfuss, J. Kent Chrisman, 2013-09-11. **Teaching Young Children Mathematics** provides a comprehensive overview of mathematics instruction in the early childhood classroom. Taking into account family differences, language barriers, and the presence of special needs students in many classrooms throughout the U.S., this textbook situates best practices for mathematics instruction within the larger frameworks of federal and state standards, as well as contemporary understandings of child development. Key topics covered include developmental information of conceptual understanding in mathematics from birth through 3rd grade, use of national and state standards in math including the new Common Core State Standards, information for adapting ideas to meet special needs and English Language Learners, literacy connections in each chapter, real world connections to the content, and information for family connections to the content.

Early Childhood Education and the Student Empowerment Program Mario C. Barbieri, Jane C. Wiatr, 2020-04-15. Dr. Mario C. Barbieri and Jane C. Wiatr have developed a practical and informative guide to teaching for both new and seasoned teachers, administrators, and their support staff. This book spotlights **The Student Empowerment Program** and is the foundation for a positive climate and culture in the early childhood classroom. The program is detailed chapter by chapter and addresses the nature of the learner from play and exploration to technology, rubrics, and assessments. This covers the gamut of what every educator needs to know to become a master in their field. **The Student Empowerment Program** contains the 5 R's, which is the architecture a teacher needs to build a solid foundation for learning and self-regulation. Any educator who wants to make a positive change and become enabled to teach more and discipline less will appreciate the simplicity of our program in this step-by-step handbook. Every word, whether it is our personal experience or research-based, is dedicated to facilitating a smooth transition toward positive discipline, student self-regulation, and student empowerment.
