with Nintendo's first attempt of the handheld sector with the Game Boy and their subsequent success with it have drawn more competitors to this field in the gaming industry. After the success of the Game Boy, Nintendo moved on to their new handheld device called the DS, which also gained some success. The DS later received an upgraded version called the Nintendo 3DS. Of course, Nintendo was on their way to dominate the handheld sector until Sony came up with their own device to make a great debut in this sector. This device came in the form of the PlayStation Portable (PSP). For short, the PSP was by far every handheld gamer's dream device. The PSP's capabilities rivaled that of the early Game Boy and the DS combined. During that time, the PSP was on a brief competition with Nintendo's 3DS, and both have proven to be tough competitors in the handheld sector. In this eBook, we will teach you on how to maximize the use of your PSP to the fullest. We will also provide some other information like proper use, maintenance, and many other things. Basically, we are going to teach you on how you can use your PSP to the fullest.
