Fabianism and Culture Ian Britain, 2005-10-20 This book is an attempt to remedy the neglect of the cultural and aesthetic aspects of English socialism in the late nineteenth and twentieth centuries An outstanding symptom of this neglect is the way in which the Fabian Society and its two leading lights Sidney and Beatrice Webb have usually been depicted as completely indifferent to art and to the artistic ramifications of socialism Most commentators have painted Fabian socialism as a narrowly utilitarian programme of social and administrative reform preoccupied with the mechanisms of politics and largely oblivious of wider more human issues One of the basic aims of the book is to question this bleakly philistine image by showing the basis of the Fabians beliefs in romanticism as well as utilitarianism Soshanguve paremiology+ Napjadi Letsoalo, Mpho Ngoepe, 2025-08-15 This scholarly book explores the transformative role of proverbs in cultural education preservation and scholarly discourse in South Africa It emphasises the importance of integrating indigenous African knowledge into academic spaces to support decolonisation re Africanisation and transformation Proverbs are presented as tools for promoting multilingualism multiculturalism social cohesion and mutual respect in South Africa s diverse society The book addresses the United Nations UN Sustainable Development Goal SDG 4 quality education SDG 5 gender equity SDG 9 innovation and SDG 10 reduce inequality It serves as a teaching resource for proverbs in Northern Sotho Sepedi Sesotho Setswana Xitsonga isiZulu isiXhosa isiNdebele siSwati and or Tshivenda Sotho Shangaan Nguni and Venda Soshanguve as well as Chichewa

Popular Music, Cultural Politics and Music Education in China Wai-Chung Ho, 2016-12-08 While attention has been paid to various aspects of music education in China to date no single publication has systematically addressed the complex interplay of sociopolitical transformations underlying the development of popular music and music education in the multilevel culture of China Before the implementation of the new curriculum reforms in China at the beginning of the twenty first century there was neither Chinese nor Western popular music in textbook materials Popular culture had long been prohibited in school music education by China s strong revolutionary orientation which feared spiritual pollution by Western cultures However since the early twenty first century education reform has attempted to help students deal with experiences in their daily lives and has officially included learning the canon of popular music in the music curriculum In relation to this topic this book analyses

how social transformation and cultural politics have affected community relations and the transmission of popular music through school music education Ho presents music and music education as sociopolitical constructions of nationalism and globalization Moreover how popular music is received in national and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural politics in the music curriculum in the mainland
