How to Develop a New Chartered Squadron Using the Provisional Squadron Approach

24.1 Preface. USPS provides two methods for creating new squadrons, the Division and the Provisional Squadron Program. They are described in the Operations Manual [Chapter 15]. The easiest is the Provisional Squadron Program.

The Squadron Development Committee created this manual to outline the simple steps necessary to organize a Provisional Squadron, followed by the steps needed to move from a Provisional Squadron to a Chartered Squadron.

To reduce the cost of this manual the forms, letters and documents are no longer provided but are available on the Squadron Development Committee website: <http://usps.org/national/squaddev>. Please download them as they will provide the necessary tools you will need.

The effort normally begins with one or more current or prior USPS members who want to organize a new squadron. They may live some distance from the nearest squadron or they may live or be moving to an area where there is no squadron. Communication is very important. Make sure the District and neighboring squadrons are aware of the plans. Contact the USPS Rear Commander of the Squadron Development Committee and the District Commander of the USPS District representing that geographic location. The Rear and District Commanders' names, addresses, phone

numbers, email, or others, can be obtained by calling USPS Headquarters toll free at 888.267.8777.

At least six active USPS members are required to organize a Provisional Squadron. Upon receiving approval of Provisional Squadron Status from USPS Head of Districts (HOD), they have three years to grow their membership to a minimum of 25 Active members to request their Squadron Charter.

[Refer to 24.9 on page 24.9] for the various means of communication needed during the process.

The Provisional Squadron

24.2 Organizing. Getting started begins with the group who decides to work together to create a new Squadron. Most members of the Squadron Development Committee have organized new Squadrons with the Provisional Squadron Program and they will help. As with any endeavor, having experience is helpful, although not necessary; the Provisional Squadron Program is as simple and as "user friendly" as possible.

24.3 Getting Started. Consider and define the geographical area to be served. Any community that has homes not now served by a squadron is a potential location. While the first priority may be
