One of the greatest obstacles John Roche writes is establishing a connection between a veteran s service and PTSD Because

both combat stressors and noncombat stressors can cause PTSD and because of the difficulties in diagnosing the condition

filing a successful claim for benefits based on PTSD is difficult In the same accessible self help style used in The Veteran s

Survival Guide Roche offers detailed instructions on how to prepare a well grounded claim for veterans benefits relating to

PTSD He also discusses the four years he spent helping one veteran establish a service connection for his PTSD claim with

Century System for Evaluating Veterans for Disability Benefits Institute of Medicine,Board on Military and Veterans

Health,Committee on Medical Evaluation of Veterans for Disability Compensation,2007-09-30 21st Century System for

Evaluating Veterans Disability Benefits recommends improvements in the medical evaluation and rating of veterans for the

benefits provided by the Department of Veterans Affairs VA to compensate for illnesses or injuries incurred in or aggravated

by military service Compensation is a monthly cash benefit based on a rating schedule that determines the degree of

disability on a scale of 0 to 100 Although a disability rating may also entitle a veteran to ancillary services such as vocational

rehabilitation and employment services the rating schedule is out of date medically and contains ambiguous criteria and

obsolete conditions and language The current rating schedule emphasizes impairment and limitations or loss of specific body

structures and functions which may not predict disability well 21st Century System for Evaluating Veterans Disability

Benefits recommends that this schedule could be revised to include modern concepts of disability including work disability

nonwork disability and quality of life In addition to the need for an updated rating schedule this book highlights the need for

the Department of Veterans Affairs to devote additional resources to systematic analysis of how well it is providing services or how much the lives of veterans are being improved as well as the need for a program of research oriented toward understanding and improving the effectiveness of its benefits programs **Federal Register Index** ,2008
