

Valedictorian Speech

Rummy M.

Good evening respected guests and members of the community, staff, family, friends and fellow graduates. I am absolutely honoured to be standing here representing the graduating class of 2008. On behalf of the graduates, I would like to thank you for joining us on this auspicious occasion.

Graduation is a time of reflecting on the past and looking onward to the future. It is a time that we, as graduates, get together for one last hurrah before moving on to bigger and better adventures. This year we have a very unique and exceptional group of students who are graduating. We have been through so much together and have changed and grown together.

As we look back on five amazing years, it is easy to see that Delview has played an instrumental role in helping to shape the young men and women we are today. Five years ago, we walked in to this very room, mind you it was a tad smaller, but back then so were we, and we had no idea what to expect from this middle school. We thought it was a stepping ground to the real goal, high school.

We were timid grades 8's who were lucky to find our way to class on time. Friendships quickly developed between students from, once rival, elementary schools. This was an exciting time in our lives. We were given new privileges, as well as new responsibilities.

And then came grade 9. By now, those new friendships were stronger and no one even remembered which elementary school you came from. You now belonged to Delview.

However, at the end of grade 9 we were given the choice of making this place our home away from home for the next three years. We each made a decision that would forever affect our lives. We decided that we would rather stay here, at Delview, than walk 9 blocks down the street to North Delta. At first, I was quite unsure about this decision. I can now look back and honestly say that I have definitely made the correct decision of staying here. I am sure that this is true of all the graduates here today.

We spent grade 10, with fewer people, but nonetheless we worked hard in school and played harder on the soccer fields and basketball courts. Grade 11 was a year that we used to experiment. We tried new haircuts, made new friends, had new parties and thoroughly enjoyed ourselves. That brings us to grade 12. Everyone always told me, "grade 12 goes by fast," but I never imagined it would be this fast. One year. One last year and what a year it has been. We finally did it. We completed 13 years of education, in my case 14 – I had to go to preschool twice. We finally completed grad transitions and here we are all together for the last time. That definitely puts a lot of pressure on me.

When you enter Delview, you can see our school motto: 'The small school with the big heart.' The first time I saw this, I thought 'That has to be the cheesiest thing I have ever read.' However, the more I thought about it, the more real it became. There is something truly wonderful about this school. There is something amazing about walking down these halls and being able to name each and every face. There is something remarkable about the way the entire student body gets excited over one night of can collecting in the rain.
