 Clements R. Markham, 1859 **Unraveling Somalia** Catherine Besteman, 2014-01-27 In 1991 the Somali state collapsed
 Once heralded as the only true nation state in Africa the Somalia of the 1990s suffered brutal internecine warfare At the
 same time a politically created famine caused the deaths of a half a million people and the flight of a million refugees During
 the civil war scholarly and popular analyses explained Somalia's disintegration as the result of ancestral hatreds played out
 in warfare between various clans and subclans In *Unraveling Somalia* Catherine Besteman challenges this view and argues
 that the actual pattern of violence inflicted disproportionately on rural southerners contradicts the prevailing model of ethnic
 homogeneity and clan opposition She contends that the dissolution of the Somali nation state can be understood only by
 recognizing that over the past century and a half there emerged in Somalia a social order based on principles other than
 simple clan organization a social order deeply stratified on the basis of race status class region and language *Expeditions*

 the field notes and journals of explorer M G Hawking's sixty two months in remote Himalayan regions of Nepal and Tibet this
 book contains detailed narratives of Hawking's experiences and conversations with a powerful practitioner of the ancient
 Zhang Zhung art of magic These narratives provide unprecedented first hand accounts of her demonstrations of
 psychokinetic abilities and in depth descriptions of the apprenticeship and the knowledge that allows the acquisition of such
 extraordinary abilities the Four Portals A group of highly esoteric teachings setting forth the true nature of physical reality
 and techniques of powerful elemental magic the Four Portals and are of extreme antiquity The first extant traces of the
 teachings appear as part of the lore of the ancient Zhang Zhung culture but they are believed to have originated far earlier
 Being an exceedingly restricted body of knowledge said to convey enormous powers the teachings disappear from the
 historical record for some 2600 years not to reemerge until the 7th century AD in the arcane scriptures of the pre Buddhist B
 on religion in Nepal The rare esoteric teachings of the Four Portals contain enormous amounts of elemental magic in keeping
 with their view of the cosmos as a psycho physical unity able to be manipulated in heightened states of awareness through
 clandestine techniques and practices These teachings are founded on a profound premise The Universe is but a mirage which
 exists in the mind springs from it is controlled by it and sinks into it To understand this premise in a contemporary context

Sorcery in Mesoamerica Jeremy D. Coltman, John M. D. Pohl, 2020-12-16 Approaching sorcery as highly rational and rooted in significant social and cultural values Sorcery in Mesoamerica examines and reconstructs the original indigenous logic behind it analyzing manifestations from the Classic Maya to the ethnographic present While the topic of sorcery and witchcraft in anthropology is well developed in other areas of the world it has received little academic attention in Mexico and Central America until now In each chapter preeminent scholars of ritual and belief ask very different questions about what exactly sorcery is in Mesoamerica Contributors consider linguistic and visual aspects of sorcery and witchcraft such as the terminology in Aztec semantics and dictionaries of the Kaqchiquel and K'iche' Maya Others explore the practice of sorcery and witchcraft including the incorporation by indigenous sorcerers in the Mexican highlands of European perspectives and practices into their belief system Contributors also examine specific deities entities and phenomena such as the pantheistic Nahua spirit entities called forth to assist healers and rain makers the categorization of Classic Maya *Wahy* co-essence beings the cult of the Aztec goddess Cihuacoatl and the recurring relationship between female genitalia and the magical conjuring of a centipede throughout Mesoamerica Placing the Mesoamerican people in a human context as engaged in a rational and logical system of behavior Sorcery in Mesoamerica is the first comprehensive study of the subject and an invaluable resource for students and scholars of Mesoamerican culture and religion Contributors Lilián González Chávez John F.
