Civil War Recipes Lily May Spaulding, John Spaulding, 2014-04-23 Godey's Lady's Book perhaps the most popular magazine for women in nineteenth century America had a national circulation of 150 000 during the 1860s The recipes spelled receipts it published were often submitted by women from both the North and the South and they reveal the wide variety of regional cooking that characterized American culture There is a remarkable diversity in the recipes thanks to the largely rural readership of Godey's Lady's Book and to the immigrant influence on the country in the 1860s Fish and game were readily available in rural America and the number of seafood recipes testifies to the abundance of the coastal waters and rivers The country cook was a frugal cook particularly during wartime so there are a great many recipes for leftovers and seasonal produce In addition to a wide sampling of recipes that can be used today Civil War Recipes includes information on Union and Confederate army rations cooking on both homefronts and substitutions used during the war by southern cooks

From Hardtack to Homefries Barbara Haber, 2010-05-11 Barbara Haber one of America's most respected authorities on the history of food has spent years excavating fascinating stories of the ways in which meals cooked and served by women have shaped American history As any cook knows every meal and every diet has a story whether it relates to presidents and first ladies or to the poorest of urban immigrants From Hardtack to Home Fries brings together the best and most inspiring of those stories from the 1840s to the present focusing on a remarkable assembly of little known or forgotten Americans who determined what our country ate during some of its most trying periods Haber's secret weapon is the cookbook She unearths cookbooks and menus from rich and poor urban and rural long past and near present and uses them to answer some fascinating puzzles Why was the food in Franklin and Eleanor Roosevelt's White House so famously bad Were they trying to keep guests away or did they themselves simply lack the taste to realize the truth It turns out that Eleanor's chef wrote a cookbook which solves the mystery How did food lure settlers to the hardship of the American West Englishman Fred Harvey's Harvey Girls tempted them with good food and good women How did cooking keep alive World War II Army and Navy POWs in the Pacific A remarkable cookbook reveals how recollections of home cooking and cooking resourcefulness helped mend bodies and spirits From Hardtack to Home Fries uses a light touch to survey a deeply important subject Women's work

and women's roles in America's past have not always been easy to recover Barbara Haber shows us that a single ubiquitous ordinary yet extraordinary lens can illuminate a great deal of this other half of our past Haber includes sample recipes and rich photographs bringing the food of bygone eras back to life From Hardtack to Home Fries is a feast and a delight **Civil War Cooking** Susan Dosier, 2016-08 Discusses the everyday life cooking methods foods and celebrations of Union soldiers during the Civil War Includes recipes and sidebars *Food on Foot* Demet Güzey, 2017-04-01 What did great adventurers eat during their expeditions to the far corners of the world How did they view the role of food in their survival and wellbeing What about hikers and backpackers today who set out to enjoy nature pushing their own boundaries of comfort for adventure How does food impact their experience And what do they have in common with pilgrims and soldiers Food is a significant element of our relationship with nature Whether a historical expedition or a weekend camping trip a journey made on foot requires sustenance Without mastering our relationship with food we would have not been to the South Pole or summited Mt Everest or expanded to the west of America However in the reporting of these expeditions so far food has rarely taken a central role It is possible to take a different stance and look at our time on trails with food as the leading character Here Demet Güzey offers a fun and interesting read on the social and cultural history developments and challenges in food on trails and in the wild She explores personal accounts news articles and anecdotes to highlight how food has accompanied us in mountaineering desert travel and pilgrimage in the army or on the street From tinned foods to foraging in the wild worm infested hardtack to palate dulling army rations loss of appetite in high altitude to starvation at the trenches no stone is left unturned in this tour of how we manage food on foot and how disasters happen when we do not manage it so well Readers will delight in both the stories of many of the famous explorations and the more current journeys [The Union Cavalry in the Civil War](#) Stephen Z. Starr, 2007-09-01 With this volume Stephen Z Starr brings to a triumphant conclusion his prize winning trilogy on the history of the Union cavalry The War in the West provides accounts of the cavalry's role in the Vicksburg Campaign the conquest of central Tennessee Sherman's Atlanta Campaign the March to the Sea and the campaign of the Carolinas Starr never neglects the numerous difficulties the cavalry faced equipment shortages inadequate weapons unsuitable organization and inept use of the cavalry by many members of the Union high command And he never ignores the cavalry's own contributions to its failures He convincingly demonstrates that in the end in the battle of Nashville and in the Selma Campaign the Union cavalry proved enormously effective With this final volume Starr's objective remains the portrayal of the life and campaigns of the Union cavalry as they were experienced and fought by its troopers and officers
