Mahsood Shah, Sally Kift, Liz Thomas

Unisa Nsfas Application 2015:

Student Retention and Success in Higher Education Mahsood Shah, Sally Kift, Liz Thomas, 2021-09-15 This book draws together international research to assess the quality of successful efforts to retain students The editors and contributors unite diverse global research from countries who have led student retention and success projects at national institutional faculty or program level with positive outcomes The book is underpinned by the philosophy that a more diverse student population requires higher education institutions to fundamentally change in order to facilitate the success of all students All of humanity its economies and societies are being pummelled by waves of pandemic induced crises in tandem with globalisation and demographic shifts Ultimately this book acts as a clarion to higher education institutions to better support and retain their students in order to create a more stable learning environment *Transnational Education and Curriculum Studies* John Chi-Kin Lee, Noel Gough, 2020-07-28 In recent years there has been increasing attention placed on international and transnational aspects of school and higher education curricula and the different research approaches and lenses through which these issues are studied This edited volume explores diverse perspectives and discourses of curriculum studies contributed by scholars both within and outside the majority world In addition it tackles both transnational cross border endeavours involving national governments and policy measures and the promises challenges and failings of those formal relationships The book consists of three sections The first section provides an introduction and overviews of transnational education in connection with curriculum studies schooling and higher education The second section deals with transnational and international perspectives on curriculum studies schooling and education The final third section highlights transnational and international perspectives on higher education This timely volume tackles the questions often posed by curriculum scholars and educational researchers around the possibility of a transnational approach to curriculum studies and how and if a common set of means can transcend national boundaries and sensitivities It looks at the common issues and problems across nations that international and transnational curriculum and educational research work could address This volume will appeal to researchers and policy makers interested in transnational education and curriculum studies
