Merchant Marine Survivors of World War II Michael Gillen,2015-01-02 World War II could not have been won without the U S Merchant Marine Crewed by civilian seamen in peacetime and carrying much of the nation s ocean borne commerce the Merchant Marine became the fourth arm of defense in wartime providing vital support for beachheads in all theaters of operation Twenty World War II Merchant Marine veterans are featured in this oral history Most had at least one ship torpedoed bombed shelled or mined out from under them some of them two Some became prisoners of the Japanese for the duration of the war working on the infamous River Kwai Bridge Many spent time on lifeboats or flimsy rafts under harsh conditions one Donald Zubrod endured 42 days in a lifeboat with several others before their eventual rescue close to death American merchant mariners suffered a casualty rate that was a close second to the Marine Corps during the war **The Irish in Ontario** Donald Harman Akenson,1999 For most of the nineteenth century the Irish formed the largest non French ethnic group in central Canada and their presence was particularly significant in Ontario This study presents a general discussion of the Irish in Ontario during the nineteenth century and a close analysis of the process of settlement and adaptation by the Irish in Leeds and Lansdowne township Akenson argues that despite the popular conception of the Irish as a city people those who settled in Ontario were primarily rural and small town dwellers Though it is often claimed that the experience of the Irish in their homeland precluded their successful settlement on the frontier in North America Akenson s research proves that the Irish migrants to Ontario not only chose to live chiefly in the hinterlands but that they did so with marked success Akenson also suggests that by using Ontario as an historical laboratory it is possible to make valid assessments of the real differences between Irish Protestants and Irish Catholics characteristics which he contends are much more precisely measurable in the neutral environment of central Canada than in the turbulent Irish homeland While Akenson is careful not to over generalise his findings he contends that the case of Ontario seriously calls into question conventional beliefs about the cultural limitations of the Irish Catholics not only in Canada but throughout North America Donald Harman Akenson is professor of history at Queen s University and the author of numerous books on Irish history includingIf the Irish Ran the Worldand the acclaimedConor A Biography of Conor Cruise O Brien His most recent book is the groundbreakingSurpassing Wonder The Invention of the Bible and the Talmuds **Ethics Across the Curriculum** Michael Boylan,James A. Christopher Peet, 2019-06-05 This book introduces readers to the concept of the Axial Age and its relevance for a world in crisis Scholars have become increasingly interested in philosopher Karl Jaspers thesis that a spiritual revolution in consciousness during the first millennium BCE decisively shaped world history Axial ideas of transcendence develop into ideologies for world religions and civilizations in turn coalescing into a Eurasian world system that spreads globally to become the foundation of our contemporary world Alongside ideas and ideologies the Axial Age also taught spiritual practices critically resisting the new scale of civilizational power in small counter cultural communities on the margins of society they turn our conscious focus inward to transform ourselves and overcome the destructive potentials within human nature Axial spiritualities offer humanity a practical wisdom a profound psychology and deep hope to transform despair into resilience helping us face with courage the ecological and political challenges confronting us today Princeton Review AP
