Management's statement that there's almost no time allowed to grow a relationship with customers, it's not really a good business and suggests to me a business that's destined to crash when there's more time. It represents all the business in the economy.

When the author, Richard J. Greenwald, visited the
Bosnian and Herzegovina regions, he found that the
local population was very poor and that the
economy was in a state of collapse. The author
also found that the local population was very
poor and that the economy was in a state of
collapse.

Dr. Christensen's research, the "Good Life" Project, assesses the extent to which individuals are able to achieve well-being and satisfaction. Christensen and his colleagues are currently working on the following research:
