

The Cold War Heats Up

1. As you read the passage, fill in the information you discover about the Soviet-American agreement below.

	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space programs and rockets?	That U.S. support them economically (training, fuel, etc.)	Not really.
2. Would anyone benefit from the rockets and satellites they could build?	They would certainly produce satellites that were better. They could improve delivery of aid.	They were worried about the loss of U.S. technology when U.S. tech people came to Europe. Europe, planned under the control of General Douglas MacArthur.
3. Would anyone challenge U.S. power?	Not really.	Europe would be under Soviet control, and the U.S. would lose its leadership.
4. Would the U.S. achieve other goals under the agreement?	Yes. The governments could be stronger. There'd be no communist victory.	Yes. American jobs that were important and would not lose to communist like Russia.

2. Suppose the agreement simply set up the program, without

these other agreements made with it.

3. Why did the Americans want Soviet satellites?

4. What was the U.S. government's main purpose for making

the Soviet U.S. agreement? Was that just money and technology?
