Restoring the Educational Dream. Rethinking Educational Transformation in Zimbabwe Shizha, Edward, 2013-12-07

Memory and Cultural Landscape at the Khami World Heritage Site, Zimbabwe Ashton Sinamai, 2018-10-10 This book focuses on a forgotten place the Khami World Heritage site in Zimbabwe It examines how professionally ascribed values and conservation priorities affect the cultural landscape when there is a disjuncture between local community and national interests and explores the epistemic violence that often accompanied colonial heritage management and archaeology in southern Africa The central premise is that the history of the modern Zimbabwe nation in terms of what is officially remembered and celebrated inevitably determines how that past is managed It is about how places are experienced and remembered through narratives and how the loss of this heritage memory may mark the un inheriting of place Memory and Cultural Landscape at the Khami World Heritage Site Zimbabwe is informed by the author s experience of living near and working at Great Zimbabwe and Khami as an archaeologist and uses archives and traditional narratives to build a biography for this lost cultural landscape Whereas Great Zimbabwe is a resource for the state s contentious narrative of unity and a tool for cultural activism among communities whose cultural rights are denied through the nationalisation and globalisation heritage at Khami which has lost its historical gravity there is only silence Researchers and students of cultural heritage will find this book a much needed case study on heritage identity community and landscape from an African perspective

The Rhodesian Air Force in Zimbabwe's War of Liberation, 1966-1980 Darlington Mutanda, 2016-11-22 This book evaluates the development of the Rhodesian Air Force during the Second Chimurenga or Bush War 1966 1980 Airpower in irregular

conflict is effective at the tactical level because guerrilla warfare is not a purely military conflict The Rhodesian Air Force was deployed in a war winning versus a supporting role as a result of the shortage of manpower to deal with insurgency and almost all units of the Rhodesian Security Forces depended on its tactical effectiveness Technical challenges faced by the Air Force combined with the rate of guerrilla infiltration and the misuse of airpower to bomb guerrilla bases in neighboring countries largely negated the success of airpower

Mawere, Munyaradzi,Marongwe, Ngonidzashe,2016-09-01 The myths of peace and democracy in Africa are at the heart of this volume Democracy and peace have become buzz words across postcolonial Africa The gospel of

democracy and peace is preached by national governments and by civil society and international organisations alike But to what extent are the ongoing sideshows and charades of quasi oligarchies in Africa really democracy What do ordinary Africans mean when they hunger and thirst for democracy and peace Positive and noble as the loud sounding rhetoric about democracy and peace in Africa might seem the reality of propaganda and dissemblance and of multi dimensional violence are simply too overwhelming not to be disillusioning This book interrogates the rampant violence enduring conflicts autocratic governance and facades of democracy amidst claims and calls for enduring peace on the continent This is a monumental resource book for human rights activists conflict management practitioners civil society activists political scientists statesmen and development practitioners It poses a challenge to those African governments who claim to embrace principles of democracy and respect for human rights to rethink and reconsider their role as ambassadors of peace hope transformation and good governance
