[My Father's](#)

Shadow David L. Dudley, 2016-11-11 In *My Father's Shadow* David L. Dudley explores a line of African American men's autobiographies starting with Frederick Douglass and moving on through Booker T. Washington, W. E. B. Du Bois, Richard Wright, James Baldwin, Eldridge Cleaver, and Malcolm X. In life, these writers did not enjoy normal relationships with their fathers, who were all unknown, absent, or abusive. Damaged and damaging father-son relationships in childhood, Dudley contends, spill over into adult personal and artistic relationships, clouding and complicating the already complex issue of identity that lies at the core of any autobiographical endeavor. Dudley identifies a kind of intergenerational Oedipus conflict: each rising autobiographer seeks through his text to displace his predecessor in order to gain imaginative space for himself as well as a position of authority in the black and sometimes white community. As each writer strives to come to terms with the powerful father figure in the black male autobiographical tradition, he also wrestles with the larger issue of his own identity in relation to the literary and cultural traditions in which he lives and writes. Dudley also traces the triumph of these writers as they establish their own identity in the face of great personal and societal odds. *My Father's Shadow* is an important contribution to the study of African American literature, history, politics, and culture. It will also serve as an examination of the experiences of seven writers as they struggle with what it means to be a black man and a black writer in America.

Hip Hop Intellectual Resistance A. Shahid Stover, 2009-07-22 As an engaging philosophical work of social critique and cultural commentary, A. Shahid Stover ignites a series of explosive critical interrogations which explore a tense unity of Hip Hop aesthetics and radical social theory. Written with the compelling audacity of a young iconoclast, Stover challenges the reader with an elevated critical discourse which remains diligently grounded and ever relevant to the streets of a world in structural transition, spiritual alienation, socio-political upheaval, and intellectual revolt. *Hip Hop Intellectual Resistance* is a book of genuine existential liberationist commitment as lived and experienced by a new voice of independent radical thought who revels in confronting the academy with social relevance and inciting the streets with intellectual rigor.

The Lever of Riches Joel Mokyr,1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation s creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity

throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential

Black Frankenstein Elizabeth Young, 2008-08-10 For all the scholarship devoted to Mary Shelley's English novel *Frankenstein* there has been surprisingly little attention paid to its role in American culture and virtually none to its racial resonances in the United States In *Black Frankenstein* Elizabeth Young identifies and interprets the figure of a black American Frankenstein monster as it appears with surprising frequency throughout nineteenth and twentieth century U S culture in fiction film essays oratory painting and other media and in works by both whites and African Americans *Black Frankenstein* stories Young argues effect four kinds of racial critique they humanize the slave they explain if not justify black violence they condemn the slaveowner and they expose the instability of white power The black Frankenstein's monster has served as a powerful metaphor for reinforcing racial hierarchy and as an even more powerful metaphor for shaping anti racist critique Illuminating the power of parody and reappropriation *Black Frankenstein* tells the story of a metaphor that continues to matter to literature culture aesthetics and politics

Hollywood Fantasies of Miscegenation Susan Courtney, 2021-12-07 *Hollywood Fantasies of Miscegenation* analyzes white fantasies of interracial desire in the history of popular American film From the first interracial screen kiss of 1903 through the Production Code's nearly thirty year ban on depictions of miscegenation to the contemplation of mixed marriage in *Guess Who's Coming to Dinner* 1967 this book demonstrates a long popular yet underexamined record of cultural fantasy at the movies With ambitious new readings of well known films like D W Griffith's 1915 epic *The Birth of a Nation* and of key forgotten films and censorship documents Susan Courtney argues that dominant fantasies of miscegenation have had a profound impact on the form and content of American cinema What does it

mean Courtney asks that the image of the black rapist became a virtual cliché while the sexual exploitation of black women by white men under slavery was perpetually repressed. What has this popular film legacy invited spectators to remember and forget? How has it shaped our conceptions of race and gender? Richly illustrated with more than 140 images, *Hollywood Fantasies of Miscegenation* carefully attends to cinematic detail, revising theories of identity and spectatorship as it expands critical histories of race, sex, and film. Courtney's new research on the Production Code's miscegenation clause also makes an important contribution, inviting us to consider how that clause was routinely interpreted and applied and with what effects.

The Spectacular Few Mark S. Hamm, 2013-03-11 Mark Hamm is without doubt the world's leading expert on prison radicalization. Based on decades of research, this book presents a nuanced and sophisticated picture. Beautifully written, it is the most complete and the most empirically rigorous account of this phenomenon to date. A must read for anyone interested in homegrown radicalization. Peter Neumann, Director of the International Centre for the Study of Radicalisation (ICSR), King's College London. The Madrid train bombers, shoe bomber, Richard Reid, al Qaeda in Iraq, and the 9/11 attacks all were led by men radicalized behind bars. Today's prisons are hotbeds for personal transformation toward terrorist beliefs and actions due to the increasingly chaotic nature of prison life caused by mass incarceration. In *The Spectacular Few*, Mark Hamm, a former prison warden, demonstrates how prisoners use criminal cunning, collective resistance, and nihilism to incite terrorism. Drawing from a wide range of sources, *The Spectacular Few* imagines the texture of prisoners' lives. Hamm covers their criminal thinking styles, the social networks that influenced them, and personal turning points that set them on the pathway to violent extremism. Hamm argues that in order to understand terrorism today, we must come to terms with how prisoners are treated behind bars. Mark S. Hamm is a former prison warden from Arizona and currently Professor of Criminology at Indiana State University and a Senior Research Fellow at the Terrorism Center, John Jay College of Criminal Justice, The City University of New York. His books include *Terrorism as Crime: From Oklahoma City to Al Qaeda* and *Beyond* (NYU Press, 2007), *Alternative Criminology* series.

If We Must Die Aimé J. Ellis, 2011-06-15 Investigates a variety of texts in which the self-image of poor urban black men in the U.S. is formed within by and against a culture of racial terror and state violence. In *If We Must Die*, from Bigger Thomas to Biggie Smalls, author Aimé J. Ellis argues that throughout slavery, the Jim Crow era, and more recently in the proliferation of the prison industrial complex, the violent threat of death has functioned as a coercive disciplinary practice of social control over black men. In this provocative volume, Ellis delves into a variety of literary and cultural texts to consider unlawful and extralegal violence like lynching, mob violence, and white riots, in addition to state violence such as state-sanctioned execution, the unregulated use of force by police and prison guards, state neglect or inaction, and denial of human and civil rights. Focusing primarily on young black men who are depicted or see themselves as bad niggers, gangbangers, thugs, social outcasts, high school dropouts, or prison inmates, Ellis looks at the self-affirming embrace of deathly violence and death defiance both imagined and lived in a diverse body of cultural works. From

Richard Wright's literary classic *Native Son*, Eldridge Cleaver's prison memoir *Soul on Ice* and Nathan McCall's autobiography *Makes Me Wanna Holler* to the hip hop music of Eazy E, Tupac Shakur, Notorious B.I.G. and D. Angelo Ellis investigates black men's representational identifications with and attachments to death, violence and death defiance as a way of coping with and negotiating late twentieth and early twenty first century culture. Distinct from a sociological study of the material conditions that impact urban black life, *If We Must Die* investigates the many ways that those material conditions and lived experiences profoundly shape black male identity and self image. African American studies scholars and those interested in race in contemporary American culture will appreciate this thought provoking volume.

The Real Negro
Shelly Eversley, 2004-03-29 In this book Shelly Eversley historicizes the demand for racial authenticity what Zora Neale Hurston called the real Negro in twentieth century American literature. Eversley argues that the modern emergence of the interest in the real Negro transforms the question of what race an author belongs into a question of what it takes to belong to.

From Black Power to Prison Power D. Tibbs, 2012-01-02 This book uses the landmark case *Jones v North Carolina Prisoners Labor Union* to examine the strategies of prison inmates using race and radicalism to inspire the formation of an inmate labor union.
