Unisa Previous Exam Papers:

The Times Do Not Permit Christine Lucia, 2024-10 This biography of Michael Mosoeu Moerane 1904 1980 surveys the unique life times and music of the first classically educated African composer in southern Africa **Daniel - a South African Chronicle** Daniel van der Merwe, 2015-02-17 Despite being written mainly in the third person this book enables the perceptive reader to study a dramatic part of South Africa's history through the experiences of the main protagonist Because of his legal background Daniel is able to see how an initially fair legal system is corrupted in order to serve the increasingly desperate needs of the White minority This is a mere backdrop however to a love story that grows closer to tragedy as time passes because the heroine is an alcoholic The arrival of the computer alters the career of the hero dramatically and sends him on some overseas adventures to learn more about the legal implications of the new machine As a leader of a missionary team to Malawi Daniel also gets to grips with people with a totally different background and a differing worldview The book is sensitive to background and atmosphere and the hero encapsulates some of this in a few poems that form part of the main text Jealousy that green eyed monster also rears its head occasionally and further complicates relationships *South African Education Policy Review, 1993-2000* Linda Chisholm, Shireen Motala, Salim Vally, 2003 The South African Education Policy Review is an invaluable historical archive It is a source book on policies conflicts developments and perspectives on education policy in the period 1993 to 2000 Drawing from a selection of articles from the successful Quarterly Reviews of Education and Training produced by the Education Policy Unit of the University of Witwatersrand this book provides readers with detailed accounts of educational changes in South Africa over the past decade It reflects upon significant events trends and debates and provides insightful analysis of this extremely momentous period of South Africa's history *International Handbook of Accounting Education and Certification* Kwabena Anyane-Ntow, 2018-03-05 This is the first work of its kind Original contributions from leading academicians practitioners and accounting associations from around the world make this handbook a unique source of information on international accounting education and certification processes A uniform format in most of the chapters allows for easy comparison between countries This volume documents the development of accounting education and practice at country and global levels studies the sensitivity of accounting education and practices to the unique socio economic needs of its environment and allows comparative studies at a time when attempts have begun to harmonize accounting education internationally Most importantly it shows how educational programmes around the world are preparing future accounting professionals to deal with the rapid technological and environmental changes of the 21st century *South African Pressclips*, 1990-05 **The Light in the Night**, 1987 *A Man without Ambition (eBook)* Arnold Mol, 2012-11-20 A MAN WITHOUT AMBITION is Dr Arnold Mol's autobiography written with the purpose of giving his grandchildren some insight into part of their historical heritage Even though his family and friends were surprised by the title Dr Mol says that his life has been characterized by responding to opportunities that have come his way rather than

purposefully planning to achieve something A MAN WITHOUT AMBITION begins with Dr Mol recounting the drama surrounding his birth in Holland shortly before the end of the Second World War He then reflects on the past 68 blessed years of his life about immigrating to South Africa growing up the love of his life his first job his missionary calling to South America becoming a parent and his deep gratitude towards the Lord A MAN WITHOUT AMBITION makes for rather entertaining reading with many anecdotes and readers will see how blessed life can be when they trust God and put their faith in Him alone **Staying Strong in Detention** ,1989 *Law, Language, and Science* Diana Jeater,2006-12-30 This book examines the mentalities of various communities within a district of Southern Rhodesia Zimbabwe Focusing in particular on white administrators and missionaries in the Melssetter District it combines linguistic lexical analysis with historical interpretation in an attempt to reconstruct what whites and Africans actually meant by the words and practices they used in interactions with each other Jeater provides a detailed study of translation work in Mt Selinda an evangelical mission it also examines formal and informal court hearings to contrast the perceptions and meanings ascribed to cases by white adjudicators and by African participants This leads into an initial attempt to map out the birth of ethnography in Southern Rhodesia and to contrast it with anthropology in South Africa By the 1920s Africans expertise in their own languages and culture had been usurped by self referential white linguists and ethnographers This account suggests that there is a tendency among archive oriented historians to overestimate how far white missionaries and administrators really understood what Africans said and did In addition to making a contribution to our empirical knowledge of Zimbabwe s history the book focuses on how and why investigators first began to make claims to such knowledge It urges those studying African history to be self reflective about their practice examining the historical roots of their claims to expertise such claims
