Learning Objective	Historical Developments	
Explain how and why various land-based empires <u>developed and expanded</u> from 1450 to 1750.	Imperial expansion relied on the increased use of gunpowder, cannons, and armed trade to establish large empires in both hemispheres. Land empires included the <u>Manchu</u> in Central and East Asia; the <u>Mughal</u> in South and Central Asia; the <u>Ottoman</u> in Southern Europe, the Middle East, and North Africa; and the <u>Safavids</u> in the Middle East. Political and religious disputes led to rivalries and conflict between states. State rivalries: • Safavid-Mughal conflict • Songhai Empire's conflict with Morocco	1. Explain how the land-based empires of the 1450-1750 time period developed (what allowed them to obtain and maintain power): The land-based empires of the 1450-1750 time period obtained and maintained power through military conquests, strong centralized governments, religious and cultural achievements, and economic prosperity. These empires (aka Gunpowder empires), were known for obs gunpowder technology, which allowed them to employ more advanced military conquests and weaponry, further solidifying their power and influence. 2. Describe the Qing Dynasty: The last imperial dynasty of China, ruling from 1644 to 1912. The dynasty was founded by the Manchu people, who invaded China and established the dynasty after the collapse of the Ming Dynasty. The Qing Dynasty is known for its military conquests, economic prosperity, and cultural achievements, including the completion of the Grand Canal and the development of the arts, such as porcelain and painting. 3. Describe the Mughal Empire: A Muslim empire that ruled much of South Asia from the early 16th to the mid-19th century. The Mughals were of Central Asian descent and established a powerful and wealthy empire that was characterized by religious tolerance, artistic and architectural achievements, and a rich cultural heritage. The Mughal Empire was known for its impressive military conquests, including the expansion of their empire into much of present-day India, as well as for its contributions to the arts, such as the construction of the Taj Mahal.
