for most sub Saharan African economies with annual growth averaging over 5% for fifteen years However this was not accompanied by structural transformation poverty food insecurity unemployment and inequality persist Structural transformation has not been and indeed cannot be delivered by market forces and neo liberal economic policies it requires a state committed to development and to achieving it in a democratic way To what extent do the countries of Southern Africa exhibit the characteristics of such a developmental state What steps if any do they need to take in order to become one The book answers the questions with respect to South Africa Botswana Namibia Zimbabwe Angola and Malawi Godfrey Kanyenze and his colleagues have assembled a distinguished team of writers to take the temperature of the regional political economy and chart a path for its future development Extractive Industry Indigenisation in Zimbabwe Kennedy

Manduna,2025-09-25 This book explains how and why Zimbabwe s extractive industry Indigenisation over promised its benefits yet under delivered upon implementation This book traces the history of uneven development in Zimbabwe from the initial days of colonialism to the present using the extractive industry as the unit of analysis to carve out a granular and empirical analysis of the preponderance of transnational corporate control and ownership in the country Indigenisation of Zimbabwe s extractive industries was intended to address mining inequalities by transferring wealth from rich non Indigenous mining capital to disadvantaged Indigenous citizens and communities This policy however was a response to political economic and social crises posed by the international isolation of Zimbabwe s government following the controversial Fast Track Land Reform Programme in 2000 2003 An intervention therefore which promised to address inequalities has thus been hampered by corruption co optation and collusion which has led to it not only failing to address uneven development but in actual fact worsening the situation By examining the hidden structures and infrastructures of power capital and minerals and placing extractive industry Indigenisation in capitalism this book makes a crucial scholarly contribution to the renewed and burgeoning debates around the resurgence of resource nationalism in general and the struggle for economic sovereignty in particular This book steers readers more broadly to look for new and diversified ways of empowering Indigenous populations and their communities through mining Indigenisation in ways that do not threaten economic and political stability This book will be of great interest to students and scholars of the extractive industries natural resource management African politics and African development *Political Handbook of the World 2015* Tom
