Books of the Dead Tim Lanzendörfer, 2018-08-08 The zombie has cropped up in many forms in film in television and as a cultural phenomenon in zombie walks and zombie awareness months but few books have looked at what the zombie means in fiction Tim Lanzendörfer fills this gap by looking at a number of zombie novels short stories and comics and probing what the zombie represents in contemporary literature Lanzendörfer brings together the most recent critical discussion of zombies and applies it to a selection of key texts including Max Brooks s World War Z Colson Whitehead s Zone One Junot Diaz s short story Monstro Robert Kirkman s comic series The Walking Dead and Seth Grahame-Smith s Pride and Prejudice and Zombies Within the context of broader literary culture Lanzendörfer makes the case for reading these texts with care and openness in their own right Lanzendörfer contends that what zombies do is less important than what becomes possible when they are around Indeed they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form

The Postmillennial Vampire Susan Chaplin, 2017-01-23 This book explores the idea that while we see the vampire as a hero of romance or as a member of an oppressed minority struggling to fit in and acquire legal recognition the vampire has in many ways changed beyond recognition over recent decades due to radically shifting formations of the sacred in contemporary culture The figure of the vampire has captured the popular imagination to an unprecedented extent since the turn of the millennium The philosopher Ren Girard associates the sacred with a communal violence that sacred ritual controls and contains As traditional formations of the sacred fragment the vampire comes to embody and enact this sacred violence through complex blood bonds that relate the vampire to the human in wholly new ways in the new millennium

Global Indigenous Horror Naomi Simone Borwein, 2025-04-15 Contributions by Katrin Althans Jayson Althofer Naomi Simone Borwein Persephone Braham Krista Collier Jarvis Shane Hawk Jade Jenkinson June Scudeler and Sabrina Zacharias Global Indigenous Horror is a collection of

essays that position Indigenous Horror as more than just a genre but as a narrative space where the spectral and social converge where the uncanny becomes a critique and the monstrous mirrors the human. While contentions swirl around the genre category, this exploratory anthology is the first critical edited collection dedicated solely to ways of theorizing and analyzing Indigenous Horror literature. The essays curated by scholar Naomi Simone Borwein ask readers to consider what Global Indigenous Horror is and to whom. The volume opens with a preface by international bestselling horror writer Shane Hawk, enrolled Cheyenne Arapaho Hidatsa and Potawatomi descent, followed by an overview of Global Indigenous Horror trends, aesthetics, and approaches. The carefully selected contributions explore Indigenous Horror literature and mixed media narratives worldwide, unraveling the intricate dynamics between the local and global, traditional and contemporary, and human and monstrous. Contributor chapters are grouped not by geographical or cultural variation but along a spectrum from a strong emphasis on ways of knowing to a critical inspection of Horror through Indigenous Gothic aesthetics across cultural boundaries and against and beyond nation states.

The Written Dead Kyle William Bishop, Angela Tenga, 2017-06-19 From Victor Halperin's *White Zombie* 1932 to George A. Romero's landmark *Night of the Living Dead* 1968 and AMC's hugely successful *The Walking Dead* 2010, zombie mythology has become an integral part of popular culture. In a reversal of the typical pattern of adaptation, the zombie developed onscreen before appearing in short stories and comic books during the 20th century and more recently as subjects of more traditional novels. This collection of new essays examines some of the most influential and inventive zombie literature from the early stories to the most recent narratives, including some told from a zombie perspective.

Parenting in the Zombie Apocalypse Steven J. Kirsh, 2019-05-17 Parenting is difficult under the best of circumstances but extremely daunting when humanity faces cataclysmic annihilation. When the dead rise, hardship, violence, and the ever-present threat of flesh-eating zombies will adversely affect parents and children alike. Depending on their age, children will have little chance of surviving a single encounter with the undead, let alone the unending peril of the Zombie Apocalypse. The key to their survival, and thus the survival of the species, will be the caregiving they receive. Drawing on psychological theory and real-world research on developmental status, grief, trauma, mental illness, and child-rearing in stressful environments, this book critically examines factors influencing parenting and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead.
