Zombie Survival Guide Book Review:

The Zombie Survival Guide: Recorded Attacks Max Brooks, Ibraim Roberson, 2009-10-06 Those who don't learn from history are condemned to repeat it. From the Stone Age to the information age, the undead have threatened to engulf the human race. They're coming. They're hungry. Don't wait for them to come to you. This is the graphic novel the fans demanded: major zombie attacks from the dawn of humanity on the African savannas against the legions of ancient Rome on the high seas with Francis Drake; every civilization has faced them. Here are the grisly and heroic stories complete with eye-popping artwork that pulsates with the hideous faces of the undead. Organize before they rise. Scripted by the world's leading zombie authority, Max Brooks' *Recorded Attacks* reveals how other eras and cultures have dealt with and survived the ancient viral plague. By immersing ourselves in past horror, we may yet prevail over the coming outbreak in our time.

The Zombie Survival Guide Max Brooks, 2004-08-27 Don't be reckless with your most precious asset: life. This book is your key to survival against the hordes of undead who may be stalking you right now without your even knowing it. It covers everything you need to know from how to understand zombie behaviour to survival in any territory or terrain. The *Zombie Survival Guide* offers complete protection through proven tips for safeguarding yourself and your loved ones against the living dead. It might just save your life. A bloody-minded, strait-laced manual for evading the grasp of the undead. Time Out: So meticulous and well-researched that it's more scary than funny. *Esquire*: A tome you start reading for fun and then at page 50 you go out and buy a machete just to be on the safe side. *New York Post*: I doubt that I'll read a more disturbing book. Brilliantly written, morbidly funny, completely convincing. Vector.
