Zygmunt Bauman Postmodern Ethics:

Postmodern Ethics Zygmunt Bauman,1993-12-08 Zygmunt Bauman's powerful and persuasive study of the postmodern perspective on ethics is particularly welcome For Bauman the great issues of ethics have lost none of their topicality they simply need to be seen and dealt with in a wholly new way Our era he suggests may actually represent a dawning rather than a twilight for ethics

Life in Fragments Zygmunt Bauman,1995-01-01 Life in Fragments is a continuation of the themes and motifs explored in Zygmunt Bauman's acclaimed study Postmodern Ethics Blackwell 1993 Described by Richard Sennett as a major event in social theory Postmodern Ethics subverted the pieties of subversion which rule the postmodern imagination arguing for an ethic of being with the Other beyond the fashionable imperative of anything goes or the deconstruction of identity through difference

Postmodern Ethics Zygmunt Bauman,1993 A philosophical and sociological investigation of the postmodern perspective on morality Going beyond fashionable and simplistic reports of the end of ethics Bauman argues that the postmodern era has in fact opened up the possibility of a radically new understanding of the ethical

Postmodern Ethics Zygmunt Bauman,1995 **The Sociology of Zygmunt Bauman** Michael Hviid Jacobsen,2016-03-03 Zygmunt Bauman is one of the most inspirational and controversial thinkers on the scene of contemporary sociology For several decades he has provided compelling analyses and diagnoses of a vast variety of aspects of modern and liquid modern living This book considers the theoretical significance of his contribution to sociology but also discusses and adopts a critical stance towards his work The Sociology of Zygmunt Bauman introduces and critically appraises some of the most significant as well as some of the lesser known of Bauman's contributions to contemporary sociology An international team of scholars delineates and discusses how Bauman's treatment of these themes challenges conventional wisdom in sociology thereby revising and revitalizing sociological theory As a special feature the book concludes with Bauman's intriguing reflections and contemplations on his own life and intellectual trajectory published here for the first time in English In this postscript aptly entitled Pro Domo Sua About Myself he describes the pushes and pulls that throughout the years have shaped his thinking

Postmodernity, Ethics and the Novel Andrew Gibson,2002-01-04 In Postmodernity Ethics and the Novel Andrew Gibson sets out to demonstrate that postmodern theory has actually made possible an ethical discourse around fiction Each chapter elaborates and discusses a particular aspect of Levinas thought and raises questions for that thought and its bearing on the novel It also contains detailed analyses of particular texts Part of the book's originality is its concentration on a range of modernist and postmodern novels which have seldom if ever served as the basis for a larger ethical theory of fiction Postmodernity Ethics and the Novel discusses among others the writings of Joseph Conrad Henry James Jane Austen Samuel Beckett Marcel Proust and Salman Rushdie *Qualitative Research in the Post-Modern Era* Karyn Cooper,Robert E. White,2011-11-17 Qualitative Research is changing as a result of postmodern influences which have changed the way research is interpreted and understood This has prompted questions which have been knocking at the door of qualitative

research for some time now Who is the researcher in this research account How does the researcher relate to his her research How can the researcher who reads qualitative research relate to and understand the nuances and complexities in qualitative research How can this volume help us to not only describe effect and manage change but help us to understand imagine and affect policies practices and procedures related to research What can we learn from researchers at the top of their stride who have struggled in order to develop qualitative research The book includes illustrative interviews with world famous scholars William Pinar Norman Denzin Henry Giroux Zygmunt Bauman and Maxine Greene invite the student to engage reflectively and to figure out the rudiments and connections of research methodology and methods for theses The developed so called The Five Contexts serves as a theoretical framework for conducting understanding and interpreting qualitative research in a variety of disciplines in this post modern era Hope among fragments Endre Iszlai,2006

The Ethical Foundations of Postmodernity Nina Michaela von Dahlern, Nina Michaela Von Dahlern, 2013-07 A re turn to ethics which began in the 1980s and 1990s and is still predominant today has been ascribed to literary studies and theory In this book theoretical issues within ethics are discussed based on the examples of literary analyses The authors examined are Margaret Atwood Jeffrey Eugenides and Robert M Pirsig The main questions concern the foundation on which ethical concepts are based and the way in which such concepts function These topics are evidently connected to matters of human concepts and human nature in general which are understood to be fundamentally communicative Contrary to popular conclusions of relativity the need for a realist foundation of ethics implying universal validity will be revealed It is not only possible but also necessary to develop such an idea of ethics within a postmodern relativist framework A communicative foundationalist ethics will thus be designed With regard to literature an increasing emergence of first person narrative can be witnessed in addition to a new focus on a realist and more mimetic style after a peak of pluralist conceptions at the end of the twentieth and the beginning of the twenty first centuries The analysis of such narrative situations will reveal the significance of the narrative generation of individual personalities for an understanding of ethical questions The conflict between relativist and realist points of view centers on the postmodern critique of the individual The study of the literary generation of individuals will elucidate means of confronting this critique The theoretical background includes the poststructuralist and communicative concepts of Judith Butler and Seyla Benhabib as well as Ernst Tugendhat s analytical approach Nina von Dahlern studied English language and literature philosophy sociology and educational sciences at the Universities of Hamburg and Heidelberg This book is based on her Ph D thesis

The Handbook takes an international approach analyzing diverse cultural contexts and comparative assessments. The chapters in this volume cover a wide range of theoretical perspectives on communication and ethics including feminist, postmodern and postcolonial. It engages with communication contexts such as interpersonal and small group communication, journalism, new media, visual communication, public relations and marketing and explores contemporary issues such as democracy, religion, secularism, the environment, trade, law and economics. The chapters also consider the dialectical tensions between theory and practice, academic and popular discourses, universalism and particularism, the global and the local, and rationality and emotion.
