Federal Student Loans Made Under the Federal Family Education Loan Program and the William D. Ford Federal Direct Loan Program David P. Smole,2013-03-13 The William D Ford Federal Direct Loan DL program authorized under Title IV Part D of the Higher Education Act of 1965 HEA as amended is the primary federal student loan program administered by the U S Department of Education ED The program makes available loans to undergraduate and graduate students and the parents of dependent undergraduate students to help them finance their postsecondary education expenses The following types of loans are currently offered through the DL program Subsidized Stafford Loans for undergraduate students Unsubsidized Stafford Loans for undergraduate and graduate students PLUS Loans for graduate students and the parents of dependent undergraduate students and Consolidation Loans through which borrowers may combine multiple loans into a single loan For FY2013 ED estimates that 22 5 million loans not including Consolidation Loans totaling 120 8 billion will be made to students and their parents through the DL program Until July 1 2010 Subsidized Stafford Loans Unsubsidized Stafford Loans PLUS Loans and Consolidation Loans were also available through the Federal Family Education Loan FFEL program authorized under Title IV Part B of the HEA The SAFRA Act part of the Health Care and Education Reconciliation Act of 2010 HCERA P L 111 152 terminated the authority to make new loans under the FFEL program after June 30 2010 While new loans may no longer be made through the FFEL program approximately 289 billion in FFEL program loans are outstanding and are due to be repaid over the coming years FFEL and DL program loans are low interest loans with maximum interest rates for each type of loan established by statute Subsidized Stafford Loans are unique in that they are only available to undergraduate students demonstrating financial need With certain exceptions the federal government pays the interest that accrues on Subsidized Stafford Loans while the borrower is enrolled in school on at least a half time basis during a six month grace period thereafter and during periods of authorized deferment Unsubsidized Stafford Loans and PLUS Loans are available to borrowers irrespective of their financial need and borrowers are responsible for

paying all the interest that accrues on these loans FFEL and DL program loans have terms and conditions that may be more favorable to borrowers than private and other non federal loans These beneficial terms and conditions include interest rates that are often lower than rates that might be obtained from other lenders opportunities for repayment relief through deferment and forbearance loan consolidation and several loan forgiveness programs In the recent years numerous changes were made to the terms and conditions of DL program loans The Budget Control Act of 2011 BCA P L 112 25 eliminated the availability of Subsidized Stafford Loans to graduate and professional students for periods of instruction beginning on or after July 1 2012 and terminated the availability of certain repayment incentives for loans made on or after July 1 2012 The Consolidated Appropriations Act FY2012 P L 112 74 eliminated interest subsidies during the six month post enrollment grace period on Subsidized Stafford Loans disbursed between July 1 2012 and June 30 2014 The Moving Ahead for Progress in the 21st Century Act MAP 21 P L 112 141 lowered the interest rate from 6 8% to 3 4% on Subsidized Stafford Loans made between July 1 2012 and June 30 2013 Also for individuals who are new borrowers on or after July 1 2013 MAP 21 restricted both the period during which individuals may borrow Subsidized Stafford Loans and the period during which the in school interest subsidy may be provided to 150% of the published length of their educational program

Financial Aid and Loans for Students Crash Course IntroBooks,2019-12-21

Different schools have different policies regarding how they offer financial aids to students A student seeking financial aid from any particular institution will therefore do well to stay abreast of information about that particular institution and its regulations regarding financial aid Each of these schools has different aims regarding how much of student financial needs they are willing to meet While some schools like Columbia University intend to meet 100% of the students needs financially some other schools go less Grants are given to students without repayment The amount of grant varies based on the level of education and also the complexity of the study work or project In the case of New York University for example grants provided only meet 68% of the student s needs this means the student may experience budget gap This same school gives most of its aids to its students in the form of loans which the student is expected to pay back after graduation Some conditions also determine how much of the student s needs the school can meet A student with solid academic performance for example can benefit from a higher percentage of financial aid compared to another student not having such performance Some other schools consider the financial strength of the student or that of his her parent when offering financial aids However a school like Columbia University mentioned earlier does not utilize such measure to determine who to give student loan and who not to give they give their students aids based on merit alone It translates to the fact that even Bill Gate s son can get student aid based on merit in this school There are several other schools in the same category some of such schools offering their students merit aid are Brown University Pomona College Amherst College Williams College Princeton University and Massachusetts Institute of Technology In calculating merit award the institutions concerned would consider the percentage discount off tuition Private colleges offer average tuition discount

of 33.5% this means a student can end up paying only 19,650 if the actual tuition fee is 30,000. The cut represents 33.5% of the actual fee. In public college on the other hand the student is given just 15% cut off the actual price. When seeking for school financial aid the school can give the student verbal assurance but this is never enough. The best guide a student can have regarding financial aids is the Common Data Set. Each of the schools in the United States has a Common Data Set; it is an amazing document, more or less a treasure trove of statistics on the characteristics valued by the school in its application retention, freshmen class profile and enrollment. The document will equally show the number of students requiring financial aid from the institution concerned as well as the number of students that are given. Furthermore, the document reveals information about the percentage of students' needs the institution can meet, how the awards are split between loans and grants as well as what average package is worth. The student can easily search the major search engines for Common Data Set specific for any school. The internet can reveal information about in-house scholarship and college aids for easy access. Such information can equally reveal if a student is qualified for financial aid or not. Some schools like Baylor University provide scholarship calculator on their website which helps the student check eligibility for any particular scholarship program related to the school. Eligibility for any scholarship is usually determined by the class rank of the student as well as his/her ACT or SAT score.

Loan for Education Angela Hills, 2014-12-26. Academic loans just like the other forms of financial aid are a service that is subject for refundable. However, although aware of such fact many borrowers still fall to the trap of walking away from student loan debt which then results to series of consequences. They tend to ignore their being summoned to enter repayment usually either 90 or 120 days after separating from school or after dropping below half-time enrollment. With this the loans remain delinquent for 270 days or become 270 days past due at any time leading the loans to default status. This book will help students how to prevent loan default.
