Wilco Learning How To Die Greg Kot

Jianjun Gao

Wilco Learning How To Die Greg Kot:

Wilco Greg Kot, 2004-06-15 The intimate story of one of the great American bands of our time creators of the controversial masterpiece *Yankee Hotel Foxtrot* When alt country heroes turned rock iconoclasts Wilco handed in their fourth album *Yankee Hotel Foxtrot* to the band's label Reprise a division of Warner Brothers fans looked forward to the release of another challenging genre bending departure from their previous work The band aimed to build on previous sales and critical acclaim with its boldest and most ambitious album yet but was instead urged by skittish Reprise execs to make the record more radio friendly When Wilco wouldn't give they found themselves without a label Instead they used the Internet to introduce the album to their fans and eventually sold the record to Nonesuch another division of Warner Wilco was vindicated when the album debuted at No 13 on the Billboard charts and posted the band's strongest sales to date *Wilco Learning How to Die* traces the band's story to its deepest origins in Southern Illinois where Jeff Tweedy began growing into one of the best songwriters of his generation As we witness how his music grew from its punk and alt country origins some of the key issues and questions in our culture are addressed How is music of substance created while the gulf between art and commerce widens in the corporate consolidation era How does the music industry make or break a hit How do working musicians reconcile the rewards of artistic risk with the toll it exacts on their personal life This book was written with the cooperation of Wilco band members past and present It is also fully up to date covering the latest changes in personnel and the imminent release of the band's fifth album *A Ghost Is Born* sure to be one of the most talked about albums of 2004

Ripped Greg Kot, 2010-05-11 Tells the story of how the laptop generation created a new grassroots music industry with the fans and bands rather than the corporations in charge **Old Roots, New Routes** Pamela Fox, Barbara Ching, 2025-10-01 *Old Roots New Routes* takes an in depth look at the many influences meanings and identities of this contemporary music form Because the definition of the term alt country changes continually even the genre's own mouthpiece the Web site *nodepression.com* declared its terrain to be alternative country whatever that is Despite alt country's murky parameters its origins indeed its patron saints are generally acknowledged to range from the Carter Family and Hank Williams as interpreters of traditional American country to the country rock fusions of Gram Parsons and Steve Earle Just as other musical genres before it have distanced themselves from the popular and commercial center from the start alt country has positioned itself as a different kind of music than the slick country sounds emanating from Nashville hit machines such as Garth Brooks and Shania Twain And yet alt country's embrace of authenticity and disdain for commercialism while simultaneously injecting into a traditional working class music form an often cosmopolitan flavor and Generation X values has resulted in a fascinating hybrid full of contradictions In *Old Roots New Routes* Pamela Fox and Barbara Ching bring together a range of scholars to investigate as never before this significant contemporary music form providing in addition new ways to approach the worlds of country and alternative music more generally Individual essays

explore the work of a variety of artists including Neko Case Jay Farrar Justin Trevi o and alt country hero Gram Parsons along with promotional rhetoric album art advertising and fan Web sites to offer readers a comprehensive understanding of how alt country functions as a distinct musical form Pamela Fox is Associate Professor of English and currently the Director of the Women s and Gender Studies Program at Georgetown University She is the author of *Class Fictions Shame and Resistance in the British Working Class Novel 1890 1945* Barbara Ching is Associate Professor at the University of Memphis Her previous books include *Wrong s What I Do Best Hard Country Music and Contemporary Culture* and *Knowing Your Place Rural Identity and Cultural Hierarchy* coedited with Gerald Creed **The Absolute Sound** ,2006 **The Encyclopedia of Popular Music** Colin Larkin,2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day **No Depression** ,2004 *Read the Beatles* June Skinner Sawyers,2006-10-31 A must have volume for all Beatles fans a career spanning selection of writings about the Fab Four There are of course many books on the Beatles but this is the only one available that is a comprehensive career spanning collection of journalism about the legendary band before and after the breakup Consisting of more than fifty articles essays interviews record and movie reviews poems and book excerpts many of them rare and hard to find *Read the Beatles* is an unprecedented compilation that follows the arc of the Fab Four s iconic and idiosyncratic career from their early days in Liverpool through their tragic and triumphant histories after the group s split The book also includes original essays from noted musicians and journalists about the Beatles lasting influence and why they still matter today Ripped Greg Kot,2009-05-19 A decade ago the vast majority of mainstream music was funneled through a handful of media conglomerates Now more people are listening to more music from a greater variety of sources than at any time in history And big corporations such as Viacom Clear Channel and Sony are no longer the sole gatekeepers and distributors their monopoly busted by a revolution an uprising led by bands and fans networking on the Internet *Ripped* tells the story of how the laptop generation created a new grassroots music industry with the fans and bands rather than the corporations in charge In this new world bands aren t just musicmakers but self contained multimedia businesses and fans aren t just consumers but distributors and even collaborators As the Web popularized bands and albums that previously would have been relegated to obscurity innovative artists from Prince to Death Cab for Cutie started coming up with and stumbling into alternative ways of getting their music out to fans Live music took on an even more significant role TV shows and commercials emerged as great places to hear new tunes Sample based composition and mash ups leapfrogged ahead of the industry s and the law s ability to keep up with them Then in 2007 Radiohead released an album exclusively on the Internet and allowed customers to name their own price including 0 00 Radiohead s it s up to you marketing coup seized on a concept the old music industry had forgotten the customer is always right National radio host and critically acclaimed music journalist Greg Kot masterfully chronicles this story of how we went from 17 99 to 0 00 in less than a decade It s a fascinating tale of backward thinking

forward thinking and the power of music **The Publishers Weekly** ,2004 **Chicago Tribune Index** ,2004 **2007 Guide to Literary Agents** Joanna Masterson,2006-07-21 The Top Resource for Writers Seeking Professional Representation
 American Book Publishing Record ,2003 *2007 Novel & Short Story Writer's Market* Lauren Mosko,2006 Lists addresses and information on contacts pay rates and submission requirements and includes essays on the craft of writing
 Musicians & Composers of the 20th Century Alfred William Cramer,2009 Benny Goodman Dizzy Gillespie Jim Morrison Kurt Cobain these are the people who helped shape the history of music Their stories and others are told in *Musicians and Composers of the 20th Century* This five volume set offers biographical and critical essays on over 600 musicians in just about every genre imaginable from Accordion Players to Musical Theater Composers to World Music and everything in between **Forthcoming Books** Rose Army,2004 **2007 Writer's Market** Robert Brewer,2006-08-01 Brings you current information on the fast changing publishing industry to help you write to the right editors at the right addresses
 The Book Review Digest ,2004 **Notes** Music Library Association,2005-06 *The Encyclopedia of Popular Music: Selected Albums. Bibliographies* Colin Larkin,2006 Containing 27 000 entries and over 6 000 new entries the online edition of the Encyclopedia of Popular Music includes 50% more material than the Third Edition Featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day including jazz country folk rap reggae techno musicals and world music the Encyclopedia also offers thousands of additional entries covering popular music genres trends styles record labels venues and music festivals Key dates biographies and further reading are provided for artists covered along with complete discographies that include record labels release dates and a 5 star album rating system 2006 Novel & Short Story Writer's Market ,2005
