• Review the following chart to determine which diagram to use to connect the components to your system.

For these components	See remote ctrl

	D
	E
	F

• For the "Cables Required" chart that appears with the diagram to determine which cables you'll need, see step 2 to determine which components, such as cables and options, depending on the components you plan to connect.

• Turn off and unplug all components before making connections. If you are connecting a digital cable box, you'll need a special for-the-distribution system that's compatible with your cable box. Contact your cable provider.

Making Video Connections

Your TV includes several types of video inputs. Use the inputs that are available on your components that provide the best video performance as described in step 2.

Connector type	Notes
HDMI (High Definition Multimedia Interface)	• Component video
DVI (Digital Visual Interface)	• Component video
S-Video	• Component video
Composite	• Component video
RF (Radio Frequency)	• Component video

Additional Connections

The best video performance comes from your digital video components using either digital optical or digital serial video connections. Depending on which components are in your system, you may need to complete additional connections. For example, if you have a satellite receiver, you'll need to connect the satellite receiver. If you have an A/V receiver, you'll need to connect speakers.

Note

The receiver's program logic will prevent the use of component video when digital video is used. Disconnect the video as TV control is able to be complete. A video cable is provided to connect the video cable to the receiver.

Activating CableCARD™ Service

Before you use the Digital Audio™ service, you need to turn the Digital Audio™ service on your cable provider and activate the service, as described in step 2.

Note

Turning the Digital Audio™ service on may require a separate charge to activate and use the service.

3 Running Initial Setup

- Press **POWER** to turn on the TV. The Initial Setup screen appears.
- Press **1** to select the language display language. Then press **OK**. The message "Start setup program now?" appears.
- Press **1** to select "Yes". Then press **OK**.

Auto Program automatically scans a list of available channels. When finished, the found channels are displayed.

To use Auto Program again at a later time:

- Use the Auto Program button in the operating instructions.

To add individual digital channels:

- Use the Digital Channels button in the operating instructions.

Note

Auto Program may take up to 10 minutes to scan for channels. A program list is displayed while the channel list is being created.

4 Programming the Remote Control

The remote control is preset to operate Sony brand video equipment.

Sony Equipment	Programmable Code Number
VCR/DVR	401 (Sony Dream System)
DVD Player	401 (Sony Satellite Receiver)

If you have video equipment other than Sony brand that you want to control with the TV remote control, use the following procedure to program the remote control.

Note

The receiver must have correct channel capacity numbers to control the receiver.

Using the code list below, find the three-digit code number for the manufacturer of your equipment. If more than one code number is listed, use the number listed first.

- Press the **POWER** button to turn on the TV. Press the **1** button to select the language display language. Then press **OK**. The message "Start setup program now?" appears.
- Press **1** to select "Yes". Then press **OK**.
- Press the three-digit code number to add the channel using the **CH** button.
- Press **OK** button.
- Repeat steps 1 through 4 for each of the TV's remote controls in the system and press **POWER** to turn on the TV. If the TV is not working, it is possible the programming is incorrect. If so, try using the other code listed for that manufacturer.

Note

- If a code that you wish to add is listed as "Not found", try using the code listed first.
- If you still can't control your equipment, contact your cable provider for assistance.
