the way he was living his life a rash of suicides among gay teens to convinced him that it was finally time to come out to the world Welcome to The Todd Glass Situation your front row seat to more than thirty years of comedy history and a deeply personal story about one man s search for acceptance This is a humorous lively and humane memoir Kirkus Reviews [TV Transformations](#) Tania Lewis,2013-09-13 The past decade has seen an explosion of lifestyle makeover TV shows Audiences around the world are being urged to renovate everything from their homes to their pets and children while lifestyle experts on TV now tell us what not to eat and what not to wear Makeover television and makeover culture is now ubiquitous and yet compared with reality TV shows like Big Brother and Survivor there has been relatively little critical attention paid to this format This exciting collection of essays written by leading media scholars from the UK US and Australia aims to reveal the reasons for the huge popularity and influence of the makeover show Written in a lively and accessible manner the essays brought together here will help readers make sense of makeover TV by offering a range of different approaches to understanding the emergence of this popular cultural phenomenon Looking at a range of shows from The Biggest Loser to Trinny and Susannah Undress essays include an analysis of how and why makeover TV shows have migrated across such a range of TV cultures the social significance of the rise of home renovation shows the different ways in which British versus American audiences identify with makeover shows and the growing role of lifestyle TV in the context of neo liberalism in educating us to be good citizens This book was published as a special issue of Continuum Journal of Media and Cultural Studies
