

The background of the slide is a collage of structural steel-related images. At the top, there are several technical drawings: on the left, a side elevation of a truss bridge with supports and dimensions; in the center and right, floor plans of a building showing a grid of steel columns and beams, with some areas highlighted in red. Below these drawings is a 3D perspective rendering of a large steel bridge structure. The bridge features a complex network of steel beams forming the deck and a series of vertical supports or piers. The entire scene is set against a light blue background.
