Mathematics and Computer Education ,1987 **Scientific and Technical Aerospace Reports** ,1979 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces

documents that have recently been entered into the NASA Scientific and Technical Information Database **Handbook of Research on Mathematics Teaching and Learning** Douglas Grouws,2006-11-01 Sponsored by the National Council of Teachers of Mathematics and written by leading experts in the field of mathematics education the Handbook is specifically designed to make important vital scholarship accessible to mathematics education professors graduate students educational researchers staff development directors curriculum supervisors and teachers The Handbook provides a framework for understanding the evolution of the mathematics education research field against the backdrop of well established conceptual historical theoretical and methodological perspectives It is an indispensable working tool for everyone interested in pursuing research in mathematics education as the references for each of the Handbook s twenty nine chapters are complete resources for both current and past work in that particular area Colloque en L'honneur de Laurent Schwartz ,1985

Applied Mechanics Reviews ,1970 **Research on Sociocultural Influences on Motivation and Learning - 2nd Volume** Dennis M. McInerney,Shawn Van Etten,2002-06-01 This volume covers topics including translation issues in cross cultural research African American teachers for African American students the social mediation of metacognition and cross cultural similarities and differences in affective meaning of achievement **Grants and Awards for Fiscal Year...** National Science Foundation (U.S.),1979

Monthly Catalog of United States Government Publications ,1995 **Tasks and Rubrics for Balanced Mathematics Assessment in Primary and Elementary Grades** Judah L. Schwartz,Joan M. Kenney,2008 The authors show a remarkable talent for embedding important and substantive mathematics in charming yet authentic tasks Mark J Driscoll Codirector Center for Leadership and Learning Communities Education Development Center These tasks require students to problem solve and use critical thinking skills as they develop possible solution strategies They add a level of fun interest and challenge to the mathematics curriculum Melanie Nichols Dean of Academic Affairs Arkansas School for Mathematics Sciences and the Arts Hot Springs AR Engaging easy to use assessments that inform instruction and learning If you d like to improve mathematics instruction and boost student achievement this book is for you

Tasks and Rubrics for Balanced Mathematics Assessment in Primary and Elementary Grades helps teachers collect accurate formative data about students strengths and weaknesses and increase mathematical understandings for all learners Developed by the Balanced Assessment in Mathematics Program at the Harvard Graduate School of Education this comprehensive collection features research based mathematical tasks that appeal to students and connect to their daily lives while generating invaluable information for educators Using assessments linked to NCTM standards and carefully crafted rubrics that cover all elementary grade levels and mathematics topics teachers can Analyze the learning components of each task and show individual levels of success Adjust instructional strategies for an entire class or target individual learning needs Maintain a focus on accessibility and equity for all students Develop and refine students mathematical thinking skills and prepare students for high stakes tests This resource provides powerful tools for delivering meaningful instruction building students confidence and significantly increasing their skills and performance in mathematics *Monthly Catalogue, United States Public Documents* ,1995 *Applications of Computational Algebraic Geometry* David A. Cox,Dinesh N. Manocha,1998 This book introduces readers to key ideas and applications of computational algebraic geometry Beginning with the discovery of Gr bner bases and fueled by the advent of modern computers and the rediscovery of resultants computational algebraic geometry has grown rapidly in importance The fact that crunching equations is now as easy as crunching numbers has had a profound impact in recent years At the same time the mathematics used in computational algebraic geometry is unusually elegant and accessible which makes the subject easy to learn and easy to apply This book begins with an introduction to Gr bner bases and resultants then discusses some of the more recent methods for solving systems of polynomial equations A sampler of possible applications follows including computer aided geometric design complex information systems integer programming and algebraic coding theory The lectures in this book assume no previous acquaintance with the material **Developments in Reliable Computing** Tibor Csendes,2013-04-17 The SCAN conference the International Symposium on Scientific Computing Computer Arithmetic and Validated Numerics takes place bian nually under the joint auspices of GAMM Gesellschaft fiir Angewandte Mathematik und Mechanik and IMACS International Association for Mathematics and Computers in Simulation SCAN 98 attracted more than 100 participants from 21 countries all over the world During the four days from September 22 to 25 nine highlighted plenary lectures and over 70 contributed talks were given These figures indicate a large participation which was partly caused by the attraction of the organizing country Hungary but also the effec tive support system have contributed to the success The conference was substantially supported by the Hungarian Research Fund OTKA GAMM the National Technology Development Board OMFB and by the J6zsef Attila University Due to this funding it was possible to subsidize the participation of over 20 scientists mainly from Eastern European countries It is important that the possibly first participation of 6 young researchers was made possible due to the obtained support The number of East European participants was relatively high These results are

especially valuable since in contrast to the usual 2 years period the present meeting was organized just one year after the last SCAN xx conference **Government Reports Announcements** ,1974-07 *Statistical Surface Wind Prediction in Finland* Antti Lange,1974
