Gordon Melton,1991 *Woman At The Altar* Lavinia Byrne,1994-01-11 Lavinia Byrne believes that the Roman Catholic Church s teaching and pastoral practice is producing vocations to priesthood among women This book looks forward to the day when Catholic women will be ordained and addresses questions such as when and how this might take place who women are for and against how women are organized what the present day Church thinking is on the subject whether nuns are uncovering a call to ordination and whether the ordination of women is a source of division or a source of healing **Women and Ordination in the Christian Churches** Ian Jones,Kirsty Thorpe,Janet Wootton,2011-11-03 The growth of women s ordained ministry is one of the most remarkable and significant developments in the recent history of Christianity This collection of essays brings together leading contributors from both academic and church contexts to explore Christian experiences of ordaining women in theological sociological historical and anthropological perspective Key questions include How have national denominational and ecclesial cultures shaped the different ways in which women s ordination is debated and or enacted What differences have women s ordained ministry and debates on women s ordination made in various church contexts What unfinished business remains in both congregational and wider ministry How have Christians variously conceived ordained ministry which includes both women and men How do ordained women and men work together in practice What have been the particular implications for female clergy And for male clergy What distinctive issues are raised by women s entry into senior ordained leadership positions How do episcopal and non episcopal traditions differ in this **Reflections on Women's Ordination** Stephen Bohr,2015-05-07 The church may appear as about to fall but it does not fall It remains while the sinners in Zion will be sifted out the chaff separated from the precious wheat This is a terrible ordeal but nevertheless must take place The remnant that purify their souls by obeying the truth gather strength from the trying process exhibiting the beauty of holiness amid the surrounding apostasy Ellen G White Letter 55 Dec 8 1886 written from Basel Switzerland to G I Butler and S N Haskell Dear reader does the prophetic guidance just quoted strike you as being just a tad scary If you have been paying close attention lately a movement has been steadily but stealthily building over the past several years and is now dangerously close to reaching groundswell proportions in the North American Division and beyond This movement would accomplish the objective of ordaining women as full

fledged ministers of the Gospel Are you concerned Is there anything you could or should do about it Before you answer please take the time to read through this little book *Women's Ordination and the San Antonio Compromise* Michael G. Coleman, Compromise is necessary within society when there are competing interests at play However certain concessions simply delay the inevitable When the United States lawmakers attempted to stave off conflict over the subject of slavery with the Missouri compromise the effect was only temporary The Seventh day Adventist Church may be facing a similar situation over a compromise that was intended to respond to competing interests in the church regarding women s ordination Guided by the principles of biblical interpretation that helped to found the Seventh day Adventist Church veteran New York pastor Dr Michael G Coleman finds in Scripture the basis for resolving the standoff that exists within Seventh day Adventism over women s ordination He proposes a biblical solution to avoid the trend that has overtaken other Protestant churches His response is a thoughtful biblically faithful and user friendly resource He encourages administrators pastors and laypersons to consider the evidence prayerfully and thoughtfully **Women's Ordination as Priests** M. Adebisi Sowunmi,2009

Women's Ordination in the Catholic Church John O'Brien,2020-07-30 Women s Ordination in the Catholic Church argues that women can be validly ordained to ministerial office O'Brien shows that claims by Roman dicasteries for an unbroken chain of authoritative tradition on the non ordainability of women a novel rather than traditional argument are not historically supported In the primitive Church with the offices of deacon presbyter and bishop in process of development women exercised ministries later understood as pertaining to those offices The sub apostolic period downplayed women s ministry for reasons of cultural adaptation not because it was thought that fidelity to Christ required it Furthermore extensive epigraphical evidence from a wide geographical area references women deacons and presbyters during the first millennium Restrictive developments in the concept of ordination from the twelfth century onwards do not negate how before that women were validly ordained according to contemporary ecclesial understanding Repeated canonical prohibitions on ordaining women show both that women were being ordained and how those bans were very selectively implemented These canons were a cultural practice in search of a theology and the subsequent theological justifications for restricting ordination to men appealed to supposed female inferiority against the background of priesthood as eminence rather than service O'Brien shows that the assertion of women s non ordainability is a matter of canon law rather than doctrine As such that law can be reformed She Preached the Word Benjamin R. Knoll,Cammie Jo Bolin,2018-06-01 She Preached the Word offers a timely and comprehensive examination of support for women s ordination in America s congregations and the effect of female clergy on those in the pews It is an essential contribution to our understanding of the intersection of gender religion and politics in contemporary American society *A History of Women and Ordination* Ida Raming,2002 The Priestly Office of Women God s gift to a Renewed Church is the English translation of the second edition of Dr Ida Raming s classic study of the exclusion of women from ordination in the Western Christian Church The Exclusion of Women from the Priesthood Divine

Law or Sex Discrimination SCP 1976 This new edition includes a bibliography on women's ordination from 1973 to the present plus three recent essays by Dr Raming and a complete translation of the Latin sources cited by Dr Raming

Report on the Findings and Statements on the Question of the Ordination of Women Charles Quillen, Charles Stevenson, Clarence Sexton, 2021-03-08 A report from the Doctrinal Review Committee of the General Assembly of The Church of God in Christ INC on the question of whether or not to fully ordain women

Women and Ordination John W. Reeve, 2015 *Women and Ordination* Biblical and Historical Studies is a careful review of both ministry and ordination in Scripture and in the history of the Seventh day Adventist Church This book explores what it means to be called to the ministry and how ordination as we know it came to be practiced The book stands as the culmination of an extensive conversation It is poised to begin the next conversation on ordination and women in the Seventh day Adventist Church back cover

Icons of Christ William G Witt, 2020-11 Addresses traditional Catholic and Protestant arguments against women's ordination and mounts counterarguments from Scripture and tradition
