

A Visual Analogy Guide to Human Anatomy & Physiology

This book is designed for students enrolled in any human anatomy and physiology course. This comprehensive guide uses visual analogies and conceptual illustrations to assist students in learning the fundamental concepts, structures, and mechanisms of human anatomy and physiology.

Your instructor has either required or recommended this book for one reason; it will help you learn the material and succeed in your course. Many students who study human anatomy and physiology are planning to pursue careers as health professionals. The competition to be accepted into most of these programs is serious. A small investment in this guide now can help ensure your future success in your college studies and in your career.

■ In the modular format, the text is on the left side and the associated illustrations on the right-facing page, a user-friendly feature.

■ Large, high-quality, original illustrations depict the concepts, structures, and mechanisms of human anatomy and physiology.

■ Study tips are provided as another student-friendly feature.
■ Thematic icons are used throughout the book.
