Three Wyze Men:

Women Can't Hear What Men Don't Say Warren Farrell, 2000-09-25 In *Women Can't Hear What Men Don't Say* Dr Warren Farrell demonstrates how gender based anger at home in the workplace in omnipresent media images and throughout the overall culture combines with men's own fear of speaking out to misrepresent the inner and outer reality of men's lives Looking at the world from the perspectives of both men and women Dr Farrell provides a remarkable communication program to assist couples in moving beyond the current tripwire assumptions that lead to so much gender based conflict and to allow them to understand and love each other more fully than ever His methods are the culmination of thirty years of experience with thousands of men and women in workshops groups and seminars They prove that strategies that create love at home can also produce success and respect in the workplace
