Threesome Romance On The Go:

My Romantic Tangle: A Steamy Threesome Romance Shelley Munro, 2016-12-12 One plus one equals three Tiger shifter Hari Daya takes one look at Ambar Patel's photo and is smitten. Further research heightens his fascination. An arranged marriage would work except the lady isn't buying and tells him to take a hike. Ambar is already involved with human Jake Quinn. Casual pleasure and lovins work best for her since she dreams of traveling the world and delving into new experiences. The frisson of heat and desire she feels for Hari is unacceptable. There will be no tiger mate for her. Jake Quinn has no idea either his lover or his new friend are shifters but there's sure as hell something weird going on in his head. As much as he enjoys sex with Ambar, he's thinking about Hari too. Suddenly there's kissing and togetherness way past his comfort zone. The slide into sinful pleasure with both Hari and Ambar is easy; it's the relationship dynamics that give them headaches and make them wonder if they're making a huge mistake. *Saved by the Billionaire Bears (A Threesome Shifter Paranormal Romance)* Celia Kyle, Christmas Eve is a time of love, joy, and getting it on with two hunky bear shifters. Tessa's life has turned into a country song: she lost her job, her roommate, and her parents have holiday plans that don't include her. At least she has her boyfriend. Until she finds him in their tent with his hands full of another woman. One stomp off later, she's lost in the mountain wilderness, alone, afraid, and still angry as hell. Thankfully, sexy bear shifter Aaron smells her terror and insists on helping her back to his camp. There's only two problems. First, according to her scent, Tessa is Aaron's mate. Second, he's not the only one who can claim her. There's Aaron's equally sexy brother Scott, who also wants Tessa. When an outside threat almost kills Scott, Tessa is forced to face the truth: she's just as enamored with Scott as she is with Aaron. She wants them both. Tessa has never been attracted to two men at once, and when they inform her that they've both imprinted on her, this Christmas surprise has her considering arrangements she's never imagined. This standalone holiday romance has hot territorial bear shifters, a smart heroine, and plenty of steam under the stars. Evolution, Feminism, and Romantic Fiction Ania Grant, 2025-08-14 Romantic fiction has long been dismissed as trivial and denounced for peddling supposedly oppressive patriarchal myths of heterosexual love and marriage Despite such criticism the popularity of romantic fiction has only increased in recent decades Drawing on research from the evolutionary sciences Ania Grant proposes that narrative patterns of romantic stories and their enduring appeal reflect the importance of love as a fundamental human drive She examines two of the most successful and critically scrutinized romantic narratives of the past 200 years Jane Austen s classic novel *Pride and Prejudice* and the hit television series *Sex and the City* and argues that such texts simulate the cognitive and emotional complexities of mate choice one of the most consequential decisions from both a biological and a cultural perspective Her biocultural analysis aligns the interpretation of romantic fiction with the feminist ideals of female autonomy and gender equality It also suggests that positive identification with romantic heroines gives audiences the hope and energy to pursue the transformation of gender relations in real life The book will be of interest to anyone who ever wondered why so many women and some men around the world are enthralled by romantic stories It will also appeal to anyone who has ever been inspired by romantic happy endings to strive for a world in which men and women love and cooperate with each other even if it seems like a utopian ideal while the war of the sexes rages on
