Kriya Yoga Unlocked Triloki Nath, This is a Kriya Yoga book intended to be read and practised by everyone with without initiation Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people This book is written in such a way that everyone can follow it up while trading the path of Kriya People

think that they are very intelligent but if they try to understand very seriously they realize perfectly that nothing is happening according to their intellect Only those whose breath is not blowing in the left or right nostril are intelligent in this world When breathing is faster then in one day and one night respiration can flow up to 113 680 times Normally during the same time the figure is 21 600 times During a day and night if respiration is faster than usual the breath can flow in and out 113 680 times Normally in the course of a day and night there are 21 600 breaths This figure is reduced by Kriya practice to 2 000 times So breathing 1 000 times in the day and 1 000 times in the night in a normal course provides greater Tranquility to a Yogi One of his breaths takes about 44 seconds Such a Yogi is matured in Kriya practice Thoughts are inseparably related to breathing So when the number of breaths is reduced thoughts are reduced proportionately Eventually with the tranquilization of breath thoughts are dissolved Thereby the seeker can attain the After effect poise of Kriya or eternal Tranquility which is Amrita nectar proper
