Daughters Grow up Feeding on Mother's Emotions Woo-ran Park,2022-06-14 Mother is Mother Daughter is Daughter A self recovery guide for all of mothers and daughters by a psychoanalytic expert How mothers can reclaim their lives as independent women and human beings Why do mothers turn more to their daughters than sons when feeling upset or distressed Why do mothers look upon their happily married daughters with not just pride but a hint of jealousy Why do daughters when thinking about their mothers feel gratitude as well as guilt and resentment We need to lose our mothers to find ourselves And we need to find ourselves for our daughters to live their own lives Woo ran Park a psychoanalytic expert who for more than ten years has conducted over 10 000 psychotherapy and dream interpretation sessions reaches deep into psychology research and case studies to unlock the secret behind the love hate relationship between mothers and daughters and explain how we can protect our girls from this emotional wounding across generations Many reasons lie behind the mother s obsession with her daughter and the daughter s inability to break free from this hold But the author pays particular attention to the female tendency to attain self realization by meeting the unmet needs of others Mothers typically see the son or husband as the other and try to satisfy their needs but when it comes to the daughter who they see as their equivalent they re more likely to make demands Likewise daughters identify with the mother and see the mother s emotions as her own This is what makes the mother daughter relationship so complicated the daughter is angry at the mother who is full of demands but gives little love and wants to hate her but can t This deep psychological bond between the mother and daughter starts to show cracks as they become older introducing problems both big and small into their lives Feelings of obsession bitterness resentment longing and gratitude get rolled into one and make the two oscillate between love and hate In short the mother and daughter have failed to create a healthy distance between themselves Then what can we do Park says we should question the social concept of unconditional motherly love and try to bring to the surface the mom s deeply buried wants and desires as a woman Only then can we forge a path different from our mother s and our daughters live a different life from our young selves The author walks us through the main conduits through which the mother s unconscious is passed onto the daughter emotions gaze unmet needs maternal love husband and how we can reclaim ourselves as not just a woman but as a human being This book will help you to learn the Psychology for Mothers Daughters and all of women and recover yourself Feelings of Guilt Resentment and Gratitude About Female Emotions Daughters Grow up Feeding on Mother s Emotions About Mother s Emotions Am I Really My Child s Mother About the Maternal Gaze I Wanted to Be Mom s Loving Daughter About the Mother s Unmet Needs All Mothers are Strong About

amongst the apparent chaos by relating the playtime activities the games rhymes and taunts of five to ten year olds in first and middle schools to children s goals problems and solutions It shows how children learn and display in the playground a remarkably complex set of social skills and the study clearly demonstrates the importance of playtime for preparing a child to cope in the adult world

Growing Up Frank C. Strasburger,2012-04 How do we become adults Is it by moving out of our parents house Earning an independent income Getting married Having children Buying a house Those are the benchmarks most of us use but Growing Up suggests that maturity is more about qualities of character Through the poignant stories of nearly half a century working with young people as a teacher school administrator high school and college chaplain parish priest and father of three Frank Strasburger shares the encouraging news that the pace and power with which we become adults is largely within our control Chapter by chapter he unfolds the real process of growing up facing down the fear of failure wrestling honestly with identity and relationship finding passion overcoming illusions of power discovering faith and discerning a sense of mission Strasburger s bottom line it is in serving others that we become the people we re meant to be

When I Grow Up Kristy Eisenberg,2009 Do we ever really grow up What does it mean to be a grown up Who really learns more in the parent child relationship When I Grow Up is the poignant story of a mother who watches her daughter grow realizing just how much she learns loves and continues to grow as a result of learning from her child While adults may be grown up they never really finish growing as the mother tells her daughter over and over through the years You re exactly who I want to be when I grow up is the phrase the little girl hears from her mother through her formative years Through the years she giggles at her mother s silly phrase reminding her mother You are grown up At the age of eight she finally asks her mother why she always says this and why she doesn t understand that she is already a grown up It s then that she realizes that her perception of a grown up is far different than her mothers as she discovers all of the many things that her mother has learned from her When I Grow Up is a book that children mothers parents grandparents and first time parents will all enjoy Any one who touches the life of a child will be surprised or relate to just how much their own life is touched by that child so deeply A powerful message about the wonders of childhood and growing up is delivered in this treasured book When I Grow Up is truly a book to be passed from generation to generation or to anyone who loves a child and relishes the child within themselves

Growing Up In A Pennsylvania Steel Town Edward Nebinger,2012-10-01 The author was inspired to write these memoirs of the years he spent growing up in the Pennsylvania steel town of Bethlehem before the Second World War by the realization that they were a pivotal time in American history While Americans were struggling with the economic hardships of the Great Depression they never gave up and instead made the best of what they had Out of their triumph over hardship grew the generation that fought and won the Second World War The society and culture exemplified by the Pennsylvania steel towns has now vanished but it is hard not to think that while we have gained much as a society we have also lost far too many things worthy of preservation One of these was the great Bethlehem Steel plant itself the ruins of which stretch for miles along the Lehigh River Dominating the ruins are the ghostly remains of the five great blast furnaces preserved to remind people of the greatness that was once Bethlehem Steel and the community that lived in its shadows Growing Up Muslim in Europe and the United States Medhi Bozorgmehr,Philip Kasinitz,2018-07-27 This volume brings together scholarship from two different and until now largely separate literatures the study of the children of immigrants and the study of Muslim minority communities in order to explore the changing nature of ethnic identity religious practice and citizenship in the contemporary western world With attention to the similarities and differences between the European and American experiences of growing up Muslim the contributing authors ask what it means for young people to be both Muslim and American or European how they reconcile these at times conflicting identities how they reconcile the religious and

gendered cultural norms of their immigrant families with the more liberal ideals of the western societies that they live in and how they deal with these issues through mobilization and political incorporation A transatlantic research effort that brings together work from the tradition in diaspora studies with research on the second generation to examine social cultural and political dimensions of the second generation Muslim experience in Europe and the United States this book will appeal to scholars across the social sciences with interests in migration diaspora race and ethnicity religion and integration
