John Racz and searching for clues But without a body the investigation stalled and three children grew up wondering what had happened to their loving mother and if their father had killed her And a killer in plain sight Fourteen years later a brilliant female prosecutor defied the legal establishment and delved into the cold case uncovering shocking information about Ann and her relationship with John Suddenly a crusading prosecutor was up against the most difficult kind of murder case of all to prove beyond a reasonable doubt that John Racz had murdered his wife even though her body was never found
