Through A Glass Darkly:

Through a Glass Darkly Gilbert Morris,1999 A Man Without a Past Searches for His Lost Identity What would you do if you lost all memory of who or where you are Gilbert Morris the beloved creator of the HOUSE OF WINSLOW proves just how versatile and talented a writer he is by turning to a contemporary setting and answering these questions in this meticulously crafted and suspenseful thriller A page turner with heart Through a Glass Darkly not only keeps you reading but holds a powerful message of the indelible image of God on the soul of man In the novel a man wakes to unfamiliar walls unfamiliar faces and no memory of who he is or how he has come to be in this place Fleeting images race through his mind but he doesn't know whether they hold the secrets of his past his present or his future An unlikely group of people gather around him trying to help him back into his life but it is a woman who touches his heart and emotions in a powerful way Can he trust that she is part of his unknown past or does she have other designs Marshalling friend and foe alike to piece together his life the man struggles through until a shattering discovery threatens to derail his quest It is all he can do to keep moving to an understanding of who he is and also of something much bigger which continues to compel him forward **Through a Glass Darkly**,2007 *Through a Glass Darkly* Stephen M. ephemeral nature of this world and also as metaphors for each other I enjoy playing with the contradictions and confusions this generates but also with the linkages which to me at any rate make some kind of sense of it all **Through a Glass, Darkly** Wil Arts,2000-01-12 In today's European arts and sciences most of the time we see not only other but also our own cultural traditions and the different forms of modernity like a dim image in a mirror And the future of our own and other cultures seems to be shrouded in mystery because our gift of knowledge and inspired messages are only partial The question this book addresses is whether it is possible to get an almost face to face intimacy with various forms of cultural tradition and modernity by using our experiences and our powers of imagination i e our expectations in a more fruitful way The contributors to this book try to give answers to this weighty question by taking as a guideline Erasmus's famous motto *ad fontes* i e always go to the sources Without however nursing the illusion that our partial knowledge will ever be complete Is there they ask a real chasm between the modern West and the traditional East as so many authors have argued And if so how deep is the chasm and how is it to be bridged How much do people in the West know about their own cultural tradition and the modern times they live in How much do they know of the traditions and the modernities of the East and how much do they need to know in order to cope with what the future will probably bring Are our images of cultural tradition and modernity in East and West in Past and Present so blurred that we look at them as through a glass darkly What the contributors to this book argue for is the necessity of looking at developments both in East and West both in Past and Present from a wider perspective of taking a global point of departure They argue for greater understanding and communication between cultures for cultural pluralism as distinct from cultural relativism They argue for the open tolerant non dogmatic and critical thought that was the most important characteristic of Erasmus's philosophy The chapters in this book can be useful to a broad audience and a range of social scientists and historians who are interested in the understanding of the relation between Past and Present Tradition and Modernity East and West *Through a Glass Darkly* Ronald Hoffman,Mechal Sobel,Fredrika J.
