

Through My Eyes

If you could see you through my eyes,
You would believe you could do anything.
If you could hear you through my ears,
You would know how your voice rings.
If you could feel you like my heart does,
You would know how sweet you can be.
If you could see you through my eyes.
You would know how beautiful you can be.

Blindness and Therapy in Late Medieval French and Italian Poetry Julie Singer,2011 This book argues that late medieval love poets from Petrarch to Machaut and Charles d Orl ans exploit scientific models as a broad framework within which to redefine the limits of the lyric subject and his body Just as humoral theory depends upon principles of likes and contraries in order to heal poetry makes possible a parallel therapeutic system in which verbal oppositions and substitutions counter or rewrite received medical wisdom The specific case of blindness a disability that according to the theories of love that predominated in the late medieval West foreclosed the possibility of love serves as a laboratory in which to explore poets circumvention of the logical limits of contemporary medical theory Reclaiming the power of remedy from physicians these late medieval French and Italian poets prompt us to rethink not only the relationship between scientific and literary authority at the close of the middle ages but more broadly speaking the very notion of therapy From publisher s website
