SELECTED WORK of THEODORE ROOSEVELT (THE AUTOBIOGRAPHY of THEODORE ROOSEVELT/ THROUGH THE BRAZILIAN WILDERNESS/ AMERICA and THE WORLD WAR) (SET of 3 BOOKS) VOL-2 Theodore Roosevelt, 2024-06-24
SELECTED WORK OF THEODORE ROOSEVELT THE AUTOBIOGRAPHY OF THEODORE ROOSEVELT THROUGH THE BRAZILIAN WILDERNESS AMERICA AND THE WORLD WAR SET OF 3 BOOKS VOL 2 by Theodore Roosevelt Explore the writings and adventures of Theodore Roosevelt with this collection of selected works From his autobiography to his exploration of the Brazilian wilderness and reflections on America s role in the world war this set provides a comprehensive view of Roosevelt s life and legacy [A General's Life: An Autobiography](#) Omar Bradley, 2019-07-29 In this autobiography Omar N Bradley 1893 1981 recounts his youth in Missouri his years at the US Military Academy at West Point he graduated in 1915 alongside Dwight D Eisenhower his assignments on the US Mexico border and in Montana guarding copper mines during World War I his tours teaching mathematics at West Point and in 1941 commanding of the US Army Infantry School at Fort Benning his active duty during World War II in North Africa Sicily Normandy and eventually commanding 43 divisions and 1 3 million Americans in Europe linking up with Soviet forces on the Elbe in April 1945 sealing the defeat of Nazi forces Bradley provides vivid descriptions of key figures in the liberation of Europe including Marshall Eisenhower Patton Churchill and Montgomery Back in Washington Bradley describes his years heading the Veterans Administration his tenure as Army Chief of Staff and as first Chairman of the Joint Chiefs of Staff starting in 1949 After being promoted to the rank of General of the Army five stars in 1950 Bradley was the senior military commander when the Korean War started he supported President Truman s wartime policy of containment and was instrumental in persuading Truman to dismiss General MacArthur in 1951 after MacArthur resisted administration attempts to scale back the war s strategic objectives The narrative deals skillfully with the planning and execution of campaigns that changed history an unmatched panorama of 40 years of American military history A great many writers have taken a crack at describing the 1944 Allied landings in Normandy but no overall description of that long bitter battle on the American beaches Utah and Omaha is better than the one in this book Drew Middleton The New York Times The most unassuming of the WW II military chiefs has in recompense the last stinging word a vigorous accomplished exceptionally unconstrained narrative Explosive yet likable Kirkus Reviews A surprisingly candid account from a man long reputed to be mild mannered discreet and uncritical of the figures of his time General Bradley has given us a very informative autobiography Especially interesting are the sections on American military participation in the North African and Sicilian campaigns and Eisenhower s role there the Normandy landings and subsequent breakout the Battle of the Bulge and President Truman s removal of General MacArthur from command in Korea He is very frank in his comments on Eisenhower s weaknesses as Allied commander in North Africa and Sicily and of Patton s ill advised behavior and remarks during that period and later He is also harshly

critical of Montgomery's prima donna like behavior and his continual efforts to push Eisenhower into giving him the supreme command of all Allied ground troops With the loss of General Bradley there are unlikely to be any more top rank firsthand accounts of this period in US military history Bradley's book therefore may have the last word but he hasn't abused that privilege He was too fair a man for that Howard C Thomas *The Christian Science Monitor* A superb book a remarkably smooth flowing account of the life of one of this country's most distinguished military leaders Bradley's candid appraisals of his superiors subordinates and peers notably Patton Montgomery Eisenhower Simpson and Hodges make fascinating reading this is a first rate addition to the growing number of biographies of prominent World War II military personalities Besides being eminently enjoyable reading for casual consumption it is of significant value to the student of military history Lieutenant Colonel William A de Palo Jr *Infantry Magazine* *The New York Times Book Review* ,1970 **The Sniper**

struggle against well drilled Luftwaffe and Finnish units flying in the polar regions of northern Russia Following the destruction wrought on the Red Army Air Forces during the first days of Operation Barbarossa in June 1941 the Soviet Union found itself desperately short of fighter aircraft Premier Josef Stalin duly appealed directly to Prime Minister Winston Churchill for replacement aircraft and in late 1941 the British delivered the first of 3360 Hurricanes that would be supplied to the Soviet Union under the Lend Lease agreement Specifically requested by the USSR the Hurricanes were quickly thrown into action in early 1942 the Soviet Air Forces most difficult year in their opposition to the Luftwaffe Virtually all the Hurricanes were issued to Soviet fighter regiments in the northern sector of the front where pilots were initially trained to fly the aircraft by RAF personnel that had accompanied the early Hawker fighters to the USSR The Hurricane proved to be an easy aircraft to master even for the poorly trained young Soviet pilots allowing the Red Army to form a large number of new fighter regiments quickly in the polar area In spite of a relatively poor top speed and only a modest rate of climb the Hurricane was the mount of at least 17 Soviet aces

Berry, 2017-09-26 Beginning with Ronald Reagan s 1980 presidential campaign the term religious right entered the popular lexicon coming to signify a politically and socially conservative form of Christianity that informs American conservatism to this day Less well known are other ideologies that have influenced the far right since well before 1980 including Odinism Creativity and racialized atheism The rising popularity of these extreme groups and their philosophical grounding in racial politics and religious bigotry has caused a shift away from and often hostility toward even racist forms of Christianity among American white nationalists In Blood and Faith Berry deftly explores the causes of this shift rooted largely in response to racialized anxieties that are by no means exclusive to extremists in America Focusing on the challenges these tensions pose for contemporary white nationalists seeking access to mainstream conservative politics Berry also considers the recent rise of the so called alt right and the unifying issues of anti multiculturalism and anti immigration around which moderate and fringe groups have rallied Blood and Faith is a provocative investigation of the complex evolving role of white nationalism and an urgent reminder of the outsized influence of religion in American political life *Daily Life of U.S. Soldiers* Christopher R. Mortenson, Paul J. Springer, 2019-06-14 This ground breaking work explores the lives of average soldiers from the American Revolution through the 21st century conflicts in Afghanistan and Iraq What was life really like for U S soldiers during America s wars Were they conscripted or did they volunteer What did they eat wear believe think and do for fun Most important how did they deal with the rigors of combat and coming home This comprehensive book will answer all of those

questions and much more with separate chapters on the American Revolution the War of 1812 the Mexican American War the Civil War the Indian Wars the Spanish American War World War I World War II in Europe World War II in the Pacific the Cold War the Korean War the Vietnam War the Persian Gulf War the Afghanistan War and War on Terror and the Iraq War Each chapter includes such topical sections as Conscription and Volunteers Training Religion Pop Culture Weaponry Combat Special Forces Prisoners of War Homefront and Veteran Issues This work also examines the role of minorities and women in each conflict as well as delves into the disciplinary problems in the military including alcoholism drugs crimes and desertion Selected primary sources bibliographies and timelines complement the topical sections of each chapter
