Tiger And The Big Wind:

Talk That Talk Linda Goss, Marian E. Barnes, 1989-11-15 Contains almost 100 stories by famous yarn spinners from the United States Africa and the Caribbean ranging from ghost stories to ghetto adventures **Slave Culture : Nationalist Theory and the Foundations of Black America** Sterling Stuckey Professor of History Northwestern University, 1987-04-23 How were blacks in American slavery formed out of a multiplicity of African ethnic peoples into a single people In this major study of Afro American culture Sterling Stuckey a leading thinker on black nationalism for the past twenty years explains how different African peoples interacted during the nineteenth century to achieve a common culture He finds that at the time of emancipation slaves were still overwhelmingly African in culture a conclusion with profound implications for theories of black liberation and for the future of race relations in America By examining anthropological evidence about Central and West African cultural traditions Bakongo Ibo Dahomean Mendi and others and exploring the folklore of the American slave Stuckey has arrived at an important new cross cultural analysis of the Pan African impulse among slaves that contributed to the formation of a black ethos He establishes for example the centrality of an ancient African ritual the Ring Shout or Circle Dance to the black American religious and artistic experience Black nationalist theories the author points out are those most in tune with the implication of an African presence in America during and since slavery Casting a fresh new light on these ideas Stuckey provides us with fascinating profiles of such nineteenth century figures as David Walker Henry Highland Garnet and Frederick Douglas He then considers in detail the lives and careers of W E B Dubois and Paul Robeson in this century describing their ambition that blacks in American society while struggling to end racism take on roles that truly reflected their African heritage These concepts of black liberation Stuckey suggests are far more relevant to the intrinsic values of black people than integrationist thought on race relations But in a final revelation he concludes that with the exception of Paul Robeson the ironic tendency of black nationalists has been to underestimate the depths of African culture in black Americans and the sophistication of the slave community they arose from Plays for Every Day ,2024-12-31 Build fluent reading skills with seven engaging scripts based on folktales from around the world Plays for Every Day is a set of short scripts written specially for beginning readers There are seven plays in all These plays are an excellent way to motivate children to practice reading text again and again and to develop both fluency and expression in their reading There is no need to create elaborate productions Students do not need to memorize lines or to create costumes or sets They can simply take parts and read the plays aloud All the plays are based on folktales Aesop s fables Brothers Grimm and tales from England Norway Africa and Indonesia The plays are scripted for young students so that each student will have a character part There are no narrators There are 2 4 reading parts in each play 20 characters in all **Plays for Every Day EBook** ,2010-02 Brer Tiger and the Big Wind William J.
