Mir,2024-01-23 In the universe created by nature which embraces billions of human beings countless elements spread hatred and hence drive away the harmony between the universe and nature The universe is in danger due to the negative thinking of such anti human elements Since the universe nourishes us all equally to spread hatred is like biting the hand that feeds us If human beings living in every region are not treated without discrimination of caste color creed and faith then the day is not far when the whole world and humanity will have to bear the consequences If we spread hatred and destroy humanity and the human spirit from the universe our regret will not help anything because it will be too late by then For this we all must wake up now at individual and collective levels and this book is my small initiative *Africans Who Shaped Our Faith*

T. B.

McGowan,2024-04-10 At the inaugural General Assembly of the World Reformed Fellowship WRF in 2000 I proposed that the WRF could serve the church by writing a new confession of faith for the twenty first century The first reason was that the members of the WRF were drawn from many nations and from many denominations and were using a whole range of

confessional statements At the same time there was general agreement that we were all Reformed in theology The second reason was the need for a confessional statement to address the issues the church is facing today The third reason was that all of our confessions were written in Western Europe whereas the leadership in the global church has now moved to the southern hemisphere Scholars from Africa Asia Australasia and South America joined with theologians from Europe and North America to engage in the task The Statement was presented to the WRF General Assembly in April 2010 An invitation was then issued to all members of the WRF to suggest any changes or additions to the text The Statement presented here was approved by the WRF Board of Directors in 2011 It is not intended to replace other confessional statements but may be of use to individuals and churches as they reflect on the nature of Reformed Theology and its application to the theological and moral issues which confront the church in the twenty first century
