Sexual, Physical, and Emotional Abuse in Out-of-Home Care Toni Cavanaugh Johnson, 2013-11-12 Sexual Physical and Emotional Abuse in Out of Home Care brings into the open current or past sexually physically or emotionally abusive behaviors between children or between children and their caregivers in out of home care and helps prevent future victimization The curriculum gives you 20 exercises that promote respectful and nurturing interactions among caregivers and children by offering healthy concepts of touching communication and boundaries By implementing the concepts in this curriculum you ll help create positive healthy attachments for children in out of home care who may feel abandoned and alone Exercises in Sexual Physical and Emotional Abuse in Out of Home Care assist children and caregivers in understanding their rights and others rights in residential treatment centers and group or foster homes Exercises focus on communication on a continuum teaches children and staff about their own communication and the communications they receive from others a touch continuum provides an excellent vehicle for discussing the comforting and soothing touch children need and how to differentiate this from eight other types of touch differentiating sexual play from problematic sexual contact between children helps children and staff talk about sex personal space and boundaries discusses these as areas of major violations in children who have been abused sexual knowledge teaches the body parts and their functions discovering what a sex offender does to trick children into situations that end up in sexual abuse asks the children to make rules that assist other children to recognize unsafe situations and then gives them the opportunity to create a video pamphlet advertisement or commercial to tell other kids these rules This curriculum is unique because it can be completed through children and adults talking together It assumes that there will be difficulties and conflicts between staff and children and among children themselves and provides a forum in which to raise and discuss these issues You ll find the curriculum perfect for caregiver training or as exercises caregivers and children do together You ll also find it very useful for working with children s families either in family sessions or in multifamily groups Helping Children with Sexual Behavior Problems Toni Cavanaugh Johnson, 1998
