Over-Time Bob Falconi, 2020-11-30 In today's sport's world the modern day athlete has attained rock star status To those who are legends and well deserving of their status we give accolades All too often however we hear about those who cheat use illegal drugs or disrespect their fans their teammates and the game itself What is happening in the sports world Does no one still play for the love of the game anymore Fortunately the answer to that question is Yes There is a group of men in Canada who in 2019 played hockey together for 50 years They are one of Canada's oldest non professional affiliate or school team in Canadian history While they do not get paid there is no fanfare and they do not enjoy celebrity status they have achieved a level of distinction in hockey that in all likelihood will never be attained again Ironically they named themselves the Rebels and they have blazed a path where no hockey team has gone before Just for the love of the game The book follows their path and delves into the elements of their success Most adult teams of this nature last an average of three years so what drove these guys What motivated them What did they have that made them so special in Canada's game How did they compete and continue to win year after year It's a magical story If you are tired of the antics of some of the modern day athletes this is a story that needs to be heard *The Carolina Medical Journal* ,1905 **The Commercial Motor** ,1929
