Kostantiniyye which the Ottomans also adopted The city was destined to finally be known in our modern age as Istanbul derived from a Greek phrase meaning simply to the city So much has changed over the time those names spanned that it seems impossible they could possibly refer to only one city Yet they do and the city of Istanbul is still a vibrant place that treasures the artifacts of the various peoples who once lived here and knew it by such different names One phrase has also been used to name the city The City of the World s Desire If judges could pick the most appropriate name for the city perhaps they would choose this one as it reflects most accurately how famous and how loved the city has been since antiquity The face of Istanbul has changed considerably inside the modern nation Justinian s masterpiece the Hagia Sophia was turned into a museum and its wonderful mosaics were revealed to the world once more in 1935 Two bridges now span the Bosphorus and along with the historic skyline of the old city there are now also skyscrapers Today the city s importance in world history is indisputable and it is difficult to believe that all of this long history concerns just one city There is only one thing to do now visit Let s go Your guide WanderStories
