emerging technologies such as the Internet of Things AI big data and robotics in a range of tourism practices Sustainable Asia Patrick Schroeder, Kartika Anggraeni, Silvia Sartori, Uwe Weber, 2016-12-12 In the emerging narrative of sustainable development in Asia the essential challenge is to reduce the use of natural resources and environmental degradation alongside the increasing demand for goods and services To achieve this Sustainable Consumption and Production SCP one of the Sustainable Development Goals SDGs adopted by the United Nations in 2015 aims at reconciling the three goals of minimising the extraction of natural resources from the environment limiting waste and emissions over the life cycle of goods and services and improving human development and wellbeing Sustainable Asia Supporting the Transition to Sustainable Consumption and Production in Asian Developing Countries provides an overview and analysis of the current status of SCP in Asian developing countries The book focuses on projects supported by the EU funded SWITCH Asia Programme a regional development cooperation programme promoting the adoption of SCP practices among small and medium sized enterprises SMEs and consumer groups in Asia since 2007 For readers looking for a comprehensive introduction to the topic of SCP together with a detailed analysis of the current developmental situation in various Asian developing countries and key sectors such as manufacturing tourism renewable energy and agriculture this book is an invaluable tool The book examines in detail the SCP approaches and innovative solutions demonstrated by the SWITCH Asia supported projects in Asia and thus serves as a reference for practitioners researchers and policymakers alike **Strategic Environmental Assessment and Urban Planning** Giovanni Campeol, 2020-07-06 This volume gathers a selection of research contributions on Strategic Environmental Assessment SEA including theoretical and methodological studies and real world case studies It sheds new light on the respective steps in the procedure defined in the SEA Directive from theoretical and operational standpoints intended to enhance the sustainability of plans and programmes adopted by local regional and national authorities Improving the legitimacy and transparency of decision making in the field of environmental management was one of the goals that led the European Commission EU to adopt Directive 2001 42 EC on the assessment of environmental programmes effects This book provides a multidisciplinary approach to SEA and addresses the demand for policies and strategies to strengthen resilience through concrete measures to reduce energy consumption mitigate pollution promote social inclusion and create urban identity Thanatourism and Cinematic Representations of Risk Rodanthi Tzanelli, 2016-04-14 In today's world the need to eliminate natural and human made disasters has been at the forefront of national and international socio political agendas The management of risks such as terrorism labour strikes protests and environmental degradation has become pivotal for countries that depend on their economy's tourist sector Indeed there is fear that the end of tourism might be nigh due to inadequate institutional foresight Yet in designing relevant policies to tackle this arts such as that of filmmaking have yet to receive due consideration This book adopts an unorthodox approach to debates about the end of tourism Through twenty first century cinematic narratives of symbolically interconnected risks it considers how art envisages the future of

humanity's well-being. These risks include migration as an infectious disease, alien incursions as racialized labour mobilities, cyborg rebellion as the fear of post-colonial otherness and zombie anthropophagy as the replacement of rooted identities by nomadic lifestyles. Such filmic scenarios articulate the futuristic survival of community as the triumph of the technological human over otherness and provide a means to debate societal risks that weave identity politics into unequal mobilities. This book will appeal to researchers and students interested in mobilities theory, tourism and travel theory, film studies and aesthetics, globalisation studies, race, labour and migration.

Women of the Wall Yuval Jobani, Nahshon Perez, 2017-06-01
In October of 2014, 12-year-old Sasha Lutt read from a tiny Torah scroll as a part of her bat mitzvah in the Women's section of the plaza at the Western Wall, Judaism's holiest prayer site. Surrounded by members of the multi-denominational organization the Women of the Wall, one of whom had smuggled the scroll into the plaza, Sasha became the first woman to read from the Torah at the site. For more than twenty-five years, the Women of the Wall have been waging a campaign to gain the Israeli government's permission to pray at the Western Wall. Despite widespread media coverage, this is the first comprehensive study of their struggle. Yuval Jobani and Nahshon Perez offer an in-depth analysis of the Women of the Wall's attempts to modify Jewish orthodox mainstream religious practice from within and invest it with a new egalitarian content. They present a comprehensive survey of the numerous legal rulings about the case and consider the broader political and social significance of the Women of the Wall's activism. In this way, Jobani and Perez are able to address broader issues of religion-state relations. How should governments manage religious plurality within their borders? How should governments respond to the requests of minorities that conflict with ostensibly mainstream interpretations of a given tradition? How should governments manage disputed sacred sites and spaces located in the public sphere? *Women of the Wall: Navigating Religion in Sacred Sites* offers a critical new look at theories of religion-state relations and a fresh examination of religious conflicts over sacred sites and public spaces.

Unpacked Blake C. Scott,2022-11-15 Unpacked offers a critical novel perspective on the Caribbean s now taken for granted desirability as a tourist s paradise Dreams of a tropical vacation have become a quintessential aspect of the modern Caribbean as millions of tourists travel to the region and spend extravagantly to pursue vacation fantasies At the beginning of the twentieth century however travelers from North America and Europe thought of the Caribbean as diseased dangerous and according to many observers the white man s graveyard How then did a trip to the Caribbean become a supposedly fun and safe experience Unpacked examines the historical roots of the region s tourism industry by following a well traveled sea route linking the US East Coast with the island of Cuba and the Isthmus of Panama Blake C Scott describes how the cultural and material history of US imperialism became the heart of modern Caribbean tourism In addition he explores how advances in tropical medicine perceptions of the tropical environment and development of infrastructure and transportation networks opened a new playground for visitors

The Gateway to the Pacific Meredith Oda,2019-01-03 In the decades following World War II municipal leaders and ordinary citizens embraced San Francisco s identity as the Gateway to the Pacific using it to reimagine and rebuild the city The city became a cosmopolitan center on account of its newfound celebration of its Japanese and other Asian American residents its economy linked with Asia and its favorable location for transpacific partnerships The most conspicuous testament to San Francisco s postwar transpacific connections is the Japanese Cultural and Trade Center in the city s redeveloped Japanese American enclave Focusing on the development of the Center Meredith Oda shows how this multilayered story was embedded within a larger story of the changing institutions and ideas that were shaping the city During these formative decades Oda argues San Francisco s relations with and ideas about Japan were being forged within the intimate local sites of civic and community life This shift took many forms including changes in city leadership new municipal institutions and especially transformations in the built environment Newly friendly

relations between Japan and the United States also meant that Japanese Americans found fresh if highly constrained job and community prospects just as the city's African Americans struggled against rising barriers. San Francisco's story is an inherently local one but it also a broader story of a city collectively if not cooperatively reimagining its place in a global economy.

The Draw of the Alps Richard McClelland, 2023-10-24 The Alps have exerted a hold over the German cultural imagination throughout the modern period enthraling writers artists philosophers scientists and tourists alike The Draw of the Alps interrogates the dynamics of this fascination Though philosophical and aesthetic responses to Alpine space have shifted over time the Alps continue to captivate at an individual and collective level This has resulted in myriad cultural engagements with Alpine space as this interdisciplinary volume attests Literature photography and philosophy continue to engage with the Alps as a place in which humans pursue their cognitive and aesthetic limits At the same time individuals engage physically with the alpine environment whether as visitors through the well established leisure industry as enthusiasts of extreme sports or as residents who feel the acute end of social and environmental change Taking a transnational view of Alpine space the volume demonstrates that the Alps are not geographically peripheral to the nation state but are a vibrant locus of modern cultural production As The Draw of the Alps attests the Alps are nothing less than a crucible in which understandings of what it means to be human have been forged

Pacific Power? Joanne Wallis, 2017-07-17 Australia is much larger and has significantly more military and economic power than its Pacific Island neighbours As a result it is frequently described as having a natural right to lead in the region Yet Australia has found it difficult to effectively influence Pacific Island states in pursuit of its strategic interests It provides the definitive

account of how and how effectively Australia has sought to influence Pacific Island states in pursuit of its strategic interests since 1975 the year that Papua New Guinea Australia's former colonial territory gained independence Informed by interviews with key decision makers Pacific Power analyses why Australia has had difficulty exercising influence in the Pacific Islands and identifies how Australia can more effectively influence Pacific Island states in pursuit of its strategic interests and how Australia can present itself more as a Pacific partner than power
