The Body Adorned Vidya Dehejia, 2009-02-26 The sensuous human form elegant and eye catching is the dominant feature of premodern Indian art From the powerful god Shiva greatest of all yogis and most beautiful of all beings to stone dancers twisting along temple walls the body in Indian art is always richly adorned Alankara ornament protects the body and makes it complete and attractive to be unornamented is to invite misfortune In *The Body Adorned* Vidya Dehejia who has dedicated her career to the study of Indian art draws on the literature of court poets the hymns of saints and acharyas and verses from inscriptions to illuminate premodern India's unique treatment of the sculpted and painted form She focuses on the coexistence of sacred and sensuous images within the common boundaries of Buddhist Jain and Hindu sacred spaces redefining terms like sacred and secular in relation to Indian architecture She also considers the paradox of passionate poetry in which saints praised the sheer bodily beauty of the divine form and nonsacred Rajput painted manuscripts which freely inserted gods into the earthly realm of the courts By juxtaposing visual and literary sources Dehejia demonstrates the harmony between the sacred and the profane in classical Indian culture Her synthesis of art literature and cultural materials not only generates an all inclusive picture of the period but also revolutionizes our understanding of the cultural ethos of premodern India

The Athenaeum, 1907 **The Bookseller and the Stationery Trades' Journal**, 1922 *Routledge Handbook of South Asian Religions* Knut A. Jacobsen, 2020-11-29 The Routledge Handbook of South Asian Religions presents critical research overviews and case studies on religion in historical South Asia in the seven nation states of contemporary South Asia India Pakistan Bangladesh Nepal Bhutan Sri Lanka and the Maldives and in the South Asian diaspora Chapters by an international set of experts analyse formative developments roots changes and transformations religious practices and ideas identities relations territorialisation and globalisation in historical and contemporary South Asia The Handbook is divided into two parts which first analyse historical South Asian religions and their developments and second contemporary South Asia religions that are influenced by both religious pluralism and their close connection to nation states and their ideological power Contributors argue that religion has been used as a tool for creating nations as well as majorities within those nations in South Asia despite their enormous diversity in particular religious diversity The Handbook explores these diversities and tensions historical developments and the present situation across religious traditions by utilising an array of approaches and from the point of view of various academic disciplines Drawing together a remarkable collection of leading and emerging scholars this handbook is an invaluable research tool and will be of interest to researchers and students in the fields of Asian religion religion in context and South Asian religions
