Maze: The Waking of Grey Grimm Tony Bertauski, 2018-02-15

If you liked Neuromancer and Do Androids Dream of Electric Sheep you ll love the MAZE

Sunny Grimm found her son with a strap around his head

An infamous symbol is embossed between his eyes one that people only whisper about the mark of awareness leaping

Where players launch into virtual realities

Where anything goes and investors make millions

Critics however refuse to call it a game

They argue that reality confusion will be the end of humanity

Still there are many who play because the rewards are great

But the risks are steep and few ever win

Losers never wake

Sunny goes on a mad search for her son and the people responsible for allowing him to play

She knows the Maze is more than a game but she doesn t care

She only wants her son back

Will she lose herself in the search
