Top Rated Technical Analysis Books:

Mastering the Stock Market John L. Person, 2012-11-29 Noted technical analyst John Person outlines a comprehensive method to pinpointing today's best trading opportunities. The economy and stock market are heavily influenced by seasonal factors. For example, a strong holiday buying season tends to be bullish for retail stocks, or rising energy costs hurt airline profitability. Awareness of seasonal trends in both the economy and stock market can put you in a better position to profit from sectors and stocks that are likely to outperform the overall market. And technical tools can then be used to confirm emerging trends and time entries into these stocks and sectors. Mastering the Stock Market provides authoritative insights into a method for trading stocks based on seasonal trends, sector analysis, and market timing. Taking a top-down approach, the book explains how seasonal supply and demand forces impact commodities and different sectors of the stock market. After learning how to identify stock market sectors and commodity ETFs that are ripe for a big move, you'll quickly discover how to use technical analysis to gauge the strength of the sector or commodity and then identify the strongest stocks and ETFs to trade. Along the way, you'll also learn how to use the author's own indicators: Person's Pivots to identify support and resistance areas and pinpoint optimal entry and exit points. Outlines a proven technical approach for trading stocks based on seasonal trends, sector analysis, and market timing. Breaks new ground in comparative relative strength, trading volume, breadth indicators, and utilizing pivot analysis in conjunction with options expiration days to identify trading opportunities. Written by noted technical analyst John L. Person. To successfully trade today's markets, you need to use a proven approach and have the discipline to effectively implement it. Mastering the Stock Market has what you need to achieve these goals and capture consistent profits along the way.

A Complete Guide to Technical Trading Tactics John L. Person, 2004-04-21 A thorough trading guide from a professional trader. The Complete Guide to Technical Trading Tactics can help the new individual investor understand the mechanics of the markets. Filled with in-depth insights and practical advice, this book details what it takes to trade and shows readers how they can broaden their horizons by investing in the futures and options markets. The Complete Guide to Technical Trading Tactics outlines a variety of proven methodologies: pivot points, candlesticks, and other top indicators, so readers may use those that work best for them as well as make their own trading decisions without a second thought. Author John Person also shares his insights on a variety of trading technologies that will allow readers to gain a competitive edge in the market. John L. Person, Palm Beach, FL publishes The Bottom Line Financial and Futures Newsletter, a weekly commodity publication that incorporates fundamental new developments as well as technical analysis using his trading system.

New Blueprints for Gains in Stocks and Grains & One-Way Formula for Trading in Stocks & Commodities

William Dunnigan, 2005-06-30 Easy to use and adopted by many successful traders over the years William Dunnigan's One Way Formula for Trading in Stocks and Commodities is a robust and reliable mechanical approach to buy sell decision making in speculative markets A rare example of a universal formula this technique can be applied to almost any stock or commodity market and requires little more than accurate line and bar charts To understand the union of these two books we have to understand the author's ambition to develop a complete trading system which gave exact buy sell signals for stocks or commodities which was mechanical in all its applications and which didn't require the user to make any mental decisions In New Blueprints for Gains in Stocks and Grains the author explores and introduces a full range of technical principles and lays the essential analytical groundwork for this universal formula

Best Loser Wins Tom Hougaard, 2022-08-16 Best Loser Wins is an intimate insight into one of the most prolific high stake retail traders in the world Tom Hougaard is the winner of multiple trading competitions and on one occasion traded 25 000 into more than 1 million over the course of a year While the average retail trader risks 10 per point in the underlying asset Tom Hougaard frequently risks up to 3 500 per point This risk exposure requires a mindset that is out of the ordinary Normal thinking leads to normal results For exceptional results traders must think differently This book will guide and inspire you in ways no other trading book has It is not about strategies and money management It is about mind management Tom Hougaard provides a unique and refreshingly personal account of how an ordinary trader elevated his game to incredible heights by focusing as much on his mental approach as on his technical analysis Best Loser Wins explains how you by thinking differently when you are trading can elevate your game from mediocre and sporadic to excellent and consistent No amount of technical analysis will ever do that for you Tom Hougaard says People don't fail because they don't know enough about technical analysis They fail because they don't understand what the markets are doing to their minds Best Loser Wins is an antidote to conventional and flawed thinking in trading and a blueprint for a new belief system for traders who want to elevate their results to levels they never dreamed they could reach
