English-Speaking Alliance Ritchie Ovendale,2024-11-01 As with appeasement myths and legends have proliferated about the origins of the Cold War It has often been treated as largely a European affair with the responses to the Russian threat being led by the Americans Before 1951 however the Cold War was almost global in scale extending across Europe and Asia penetrating the Middle East and Africa It was the British Foreign Secretary Ernest Bevin who was the principal architect of the Western alliance formed to counter the perceived menace Bevin organized Europe in preparation for the Marshall Plan initiated the Western Union and the North Atlantic Treaty Organization but his vision was wider Like Neville Chamberlain in the late 1930s Bevin outlined a plan for an English speaking defence alliance The French were defeatist and it was politically impossible to propose reliance on Germany for defence What was needed was a bond between Britain the United States and the old white Dominions First published in 1985 *The English Speaking Alliance* is the story of how the post war Labour governments sustained the image of Britain as a world power and laid the foundations of the West s Cold War foreign policy It is told from sources in the British American and Australian archives some of which have been used for the first time By laying bare the mechanics of the process of alliance building Ritchie Ovendale offers many new insights which challenge the orthodox view of this crucial period of international politics As such it will appeal to anyone with an interest in world politics and a desire to know more about how the current superpower regime developed *Soviet Risk-Taking and Crisis Behavior*

Hannes Adomeit,2022-12-28 *Soviet Risk Taking and Crisis Behavior* first published in 1982 examines the question for what purposes and under what conditions were Soviet leaders prepared to take risks in international relations The first part of the book sets out to define the concept of risk and to examine its analytical relevance for foreign policy its measurement and its relation to the dynamics of crisis The second part consists of in depth analysis of Soviet behavior in the Berlin crises of 1948 and 1961 The third and last part compares Soviet policy in the two crises and the actions of the two different leaderships as well as relating it to Soviet behavior in other geographical areas **Foreign Relations of the United States** United

fascinating piece of historical detective work the result of several years research and the interrogation of numerous surviving witnesses Michael Bloch has penetrated one of the great mysteries of the Second World War the plot to bring the Duke of

Windsor under German power on the eve of the Battle of Britain a plot which the Duke himself is sometimes said to have given encouragement A work of historical sleuthing in the classic tradition combining powerful writing with scrupulous scholarship *From Stalin to Mao* Elidor Mëhilli, 2017-11-15 Elidor M hilli has produced a groundbreaking history of communist Albania that illuminates one of Europe s longest but least understood dictatorships From Stalin to Mao which is informed throughout by M hilli s unprecedented access to previously restricted archives captures the powerful globalism of post 1945 socialism as well as the unintended consequences of cross border exchanges from the Mediterranean to East Asia After a decade of vigorous borrowing from the Soviet Union advisers factories school textbooks urban plans Albania s party clique switched allegiance to China during the 1960s Sino Soviet conflict seeing in Mao s patronage an opportunity to keep Stalinism alive M hilli shows how socialism created a shared transnational material and mental culture still evident today around Eurasia but it failed to generate political unity Combining an analysis of ideology with a sharp sense of geopolitics he brings into view Fascist Italy s involvement in Albania then explores the country s Eastern bloc entanglements the profound fascination with the Soviets and the contradictions of the dramatic anti Soviet turn Richly illustrated with never before published photographs From Stalin to Mao draws on a wealth of Albanian Russian German British Italian Czech and American archival sources in addition to fiction interviews and memoirs M hilli s fresh perspective on the Soviet Chinese battle for the soul of revolution in the global Cold War also illuminates the paradoxes of state planning in the twentieth century
