The Vice of Kings Jasun Horsley, 2019 In today's post truth world we are becoming inundated with fantasy fictions alternate news and grossly oversimplified and wildly exaggerated conspiracy theories that identify cryptocratic power structures ruling our fates But suppose the truth is both stranger than any fiction and more nuanced and disturbing than any theory Suppose it is not conspiracy but complicity that creates our world Beginning as an investigation into the author's childhood inside a closet aristocracy of progressive British entrepreneurs Vice of Kings uncovers a history both disturbingly personal and shockingly universal By juxtaposing disc jockey Jimmy Savile's secret cultural criminal and political affiliations in the second half of the 20th century with the life and teachings of Aleister Crowley in the first it uncovers an alarming body of evidence that ritual child abuse is not only the dark side of occultism but the shadowy secret at the heart of culture both ancient and modern In the process Vice of Kings reveals an invisible culture behind the one we know a secret hierarchy that impacts our lives in ways both subtle and profound from birth until death It is a cryptocratic superculture that operates via traumagenesis intentionally traumatic child rearing practices secret initiation recruitment rituals abusive social structures and collective cultural inception via mass media and the arts By shaping our world implicitly from the inside out it makes us complicit with it like the sleeping subjects of hidden monarchs
